FDA Registered

Timeless Evolution Centrifuge

for PRP PRF iPRF CGF APRF

Electric Centrifuge with LCD Display and Timer

Features

- Microprocessor control
- Touch panel and digital display
- The speed is controlled by PWM with high speed accuracy.
- It is controlled by DC brushless frequency conversion electromotor with low-noise and vibration. It runs without carbon dust pollution, which can meet the requirements of lab.
- Adopt special shock isolator for ideal effect of vibration damping, with the function of automatic balance.
