

ACTION REQUIRED – APOLLO HEIGHTS OWNER INFORMATION UPDATE

Dear Owners,

To check and maintain our records, we must ask every owner to confirm their details for our database please.

To effectively manage the village, it is a legal requirement that we keep accurate records for communication and emergencies, as well as:

- Legal notices & compliance
- Voting rights
- Safety & liability
- Transparency & governance

A complete and accurate database helps us build a stronger, more connected community. It ensures every owner has equal access to information, updates, and opportunities to participate in the life of Apollo Heights.

ACTION - Please follow the link below or scan the QR code to complete the form, so that we can verify and update records as necessary. It should only take a few minutes, please complete within the next 7 days.

Many thanks,

Apollo Heights Management Committee
