

Join Orchard Avenue Irrigations Small Works Roster

The Small Works Roster (SWR) is a listing of State of Washington licensed contractors who have applied for and been placed on the roster. The SWR:

- is used for projects under \$350,000.
- makes it easier for contractors to compete for public works projects.
- helps reduce the cost of bidding small projects.

Please see the frequently asked questions below for more information.

Information needed for the SWR?

- Contractors contact information: physical address, telephone number and email.
- Company name.
- Services they provide.
- Estimate cost of work that will you provide.

How does the SWR work?

- Contractors apply to be placed on the roster.
- Organizations use the roster to generate a list of contractors based on the contractor type, type of work, and project location.
- Contractors on the list receive instructions, usually by e-mail, on how to obtain project documents; interested contractors may respond.

When are applications accepted?

Applications are accepted any time. **We advertise the SWR annually.** Additional work categories may be added at this time. You may update your information at any time. It is your responsibility to keep your email address up to date. Since firms are notified of bid requests by email, it is very important that the roster address is correct.
