\*\*The current SEC 7-day yield represents net interest income generated by the investments for the past 7 days and assumes that the same income is generated each week over a 365-day period. The 7-day yield more closely reflects current fund earnings than does total returns. The 30-day yield is the average annualized net investment income per share and is subject to change. Yields for other share classes may vary due to differences in sales charge structure and class expenses. The Fund's yields reflect fee waivers, absent these reimbursements and/or waivers, performance would have been lower. Without these fee waivers and/or reimbursements, the Fund's most recent 7-day and 30-day yields would have been 5.05% and 5.23% respectively.
