Fact Sheet - JPMorgan Stable Value Fund

Inception Date: 10/31/1986

Category: Stable Value

Date as of: 12/31/2024

Strategy

JPMCB SAIF seeks to provide capital preservation, liquidity, and current income at levels that are typically higher than those provided by money market funds. The Fund will attempt to achieve its objective by investing primarily in fixed income instruments with companion book value contracts issued by insurance companies/banks. A book value contract is an agreement to provide liquidity for participant transactions on a stable value basis. These contracts are backed by fixed income portfolios that consist of primarily U.S. Treasury, agency, corporate, mortgage-backed, asset-bckd, commercial mortgage-bckd and short-term investment instruments.

Put Option/Plan Termination Details

12.000 Months

12-month written notice required, with enhanced flexibility to payout earlier if market conditions warrant. Alternatively, the Plan can elect to receive payment at market value as of an earlier date, if subject to 12 month notice requirement.

Stable Value Analyzer

Fact Sheet - MetLife Stable Value Fund - Reliance 25053

Inception Date: 07/30/1999
Category: Stable Value

Date as of: 06/30/2024

Strategy

The primary investment objective of the Fund is to preserve principal while generating earnings at rates competitive over time with short-term high-quality fixed income investments while maintaining sufficient liquidity to provide participant-directed withdrawals. The Fund provides investment manager diversification and utilizes non-proprietary actively managed fixed income portfolios.

Put Option/Plan Termination Details

0 Months

There is no put option. The trustee requires 30-day advance notice for full plan level withdrawals. Plan level withdrawals are paid at the lesser of book or market value on the requested liquidation date. If changing providers, the fund is portable at book value across most record keeping relationships. Termination may not be required. Please contact MetLife for additional plan level termination details or to discuss options available to the plan.

Stable Value Analyzer

Fact Sheet - T. Rowe Price Stable Value Fund

Inception Date: 09/12/1988

Category: Stable Value

Date as of: 12/31/2024

Strategy

Stable Value Fund seeks a high current crediting rate consistent with a primary objective of principle preservation and liquidity. Our approach emphasizes custom underlying fixed income portfolios specially designed for stable value, promoting transparency, compliance, and risk management. Our investment approach is designed to meet the investment objectives of principal preservation, liquidity, transparency, and attractive risk-adjusted returns. We believe that a well-researched, diversified, structural yield advantage relative to our benchmark will allow us to provide a consistent and attractive risk/return profile over a full market cycle.

Put Option/Plan Termination Details

27 Months

The T. Rowe Price Stable Value Common Trust Fund has two put provisions for plan withdrawals—12 months and 30 months. The 30 month put provision applies to accounts greater than 5% of the total Fund balance. Plans are required to provide written notice to the trustee, and enforcement of the put provision is at the trustee's discretion.
