## **Arrival to the Event:**

- Arrive early to allow your body to acclimate.
- Don't walk around shivering if you are that cold. We don't want hypothermia.

## **Tips for Going into the Water:**

- Be positive! Don't psych yourself out!
- Wear water shoes to protect your feet!!!
- Everyone goes in at their own ability – up to the ankles, knees, waist and some swim ... it's up to you and what you think you can handle.

## **Tips for Getting Out of the Water:**

- Dry off in a towel.
- Dry your feet off and put on socks & shoes – warm feet will get the rest of you warmer faster!

## **What to Bring to the Beach with You:**

- DO NOT BRING YOUR PURSE – LEAVE VALUABLES ELSEWHERE.
- Water proof camera if you want to take photos.
- Towel to dry off with.
- Blanket, comforter, etc. Something to get warm with and you don't mind having in the sand.
- Sweatpants, sweatshirt, etc. – if you choose – just be sure they are loose fitting – cold fingers are numb and it's too difficult to deal with zippers, buttons, etc.
- Warm boots with fur inside; crocks to slip on, etc. Be sure they are easy to slip on.

- There WILL be a porto potty.
- The restaurant for the after party has bathrooms for changing too.

## **What to Have Ready in the Car - After Leap:**

- Plastic bag for your wet clothing and wet shoes (Garbage bag, Stop & Shop bag, etc).
- We will be driving to restaurant after the Leap.
- Have change of clothing ready in the car to change into before driving to after party for appetizers & awards.
