

SUMMARY OF TIMBER STANDS AND REFORESTATION OF **BURNED WOODLAND**

Stand	Year Pltd.	Planted Pines	Natural Pine	Hardwood-Pine Bottom
A			20.55 Acres	
B	1982	34.89 Ac. Slash		
C	1999	204.86 Ac. Slash		
D	2012	108.2 Ac. Slash		
E	2012	273.27 Ac. Slash	(Planted on Contract by Rayioneer)	
F	2014	63.0 Ac. Slash		
G	2018	62.5 Ac. Slash*		
H				(828.72)

*62.5 acres was originally planted in 2015 and due to heavy drought conditions, only a small count of seedlings survived and was replanted in 2017. Years 2016 and 2017 experienced excessively wet fall and winter conditions, limiting site prep and planting, and below average freezing temperatures killing the majority of surviving seedlings and the area was totally site prepared and replanted in 2018.
