

For more than 40 years, T&T Pipe & Supply has served the needs of our partners in the oil field production/exploration service companies located in Permian Basin and West Texas.

We would like the opportunity to serve your parts, supplies and pipe needs.

We provide fully enclosed and secure trailers ready to stock and leave on site for any new battery builds or any other projects.

We maintain a fully stocked warehouse centrally located in Crane, Texas.

T&T Pipe & Supply stocks standard and extra heavy fittings, bare and plastic coated. We also stock an assortment of stuffing box packing, grease, kolor kut, repair clamps and all pumper supplies. **We have a full-service downhole pump repair shop.**

Construction

Whether it is new tank batteries or additional on-site storage, we can sole-source everything needed.

Maintenance

Eliminate unexpected downtime. We take the worry out of keeping all your required maintenance supplies stocked on site.

Repair

We have a full-service pump repair shop where we can repair down hole pumps or build new pumps as needed.

Supplies In Stock

When you need it, T&T has it in stock. No waiting days for the next truck to come in!
