INTRODUCTION

Logan River Redlands Horse Trail Riding Club (The Club), commenced as a trail riding club in 2002. Working Equitation was included as a discipline at the Club in 2018. In 2025 the Club was the successful applicant for an expression of interest to lease the grounds located at 30 Irwin Road, Cedar Grove. January 2026 saw the Club move from the grounds at Chambers Flat to Boondarn Park, 30 Irwin Road, Cedar Grove. This move has enabled the club to expand from trail riding and working equitation to include dressage, ranch riding and eventually show jumping.

The new location will also enable internal member and participation competition events, training clinics, multi-discipline equestrian events providing a safe, relaxed and fun competition and learning environment for riders of all skill levels from beginner to advanced.

The grounds will also be open to other community groups and equestrian clinicians on a fee for hire basis outside of The Club arranged events.

The Club will strive to improve facilities and services to club members. Suggestions and feedback from members are welcome. Members are very welcome to contact the committee by email with your suggestions for improving the club.

Management

As the Club offers a number of different disciplines it operates under the umbrella of Equestrian Australia (EA) National and Equestrian Queensland (EQ) State Constitutions for working equitation, dressage, and show jumping. For Trail Riding and Ranch Riding, the Club operates under the umbrella of Australian Trail Horse Riding Association (ATHRA). The two governing bodies are required to cover the insurance and governing requirements of the different disciplines. The Club is managed by an enthusiastic and pro-active committee.

Facilities

The Club enjoys some of the best equestrian club facilities in the area. We have two competition grade sand dressage arenas, an undercover arena with security surveillance and a fenced round yard. Additionally, we have a large, fenced grass area for working equitation, trail obstacles, ranch riding and show jumping.

Horse facilities include 22 steel day yards, two separate biosecurity yards and two wash bays. Club house facilities include a full kitchen, meeting room, storage shed and first aid areas and toilets including disabled facilities. The clubhouse was completely renovated in 2010 with funding from Logan City Council.

Membership

As we are currently affiliated with two different Governing bodies our Club membership is tailored under these Governing bodies; Equestrian Australia and ATHRA.

On event days, you must nominate to compete to be allowed access to the competition areas (Check which Discipline is scheduled as this will indicate what areas of the grounds are

being used). We provide a fun, relaxed and collaborative learning environment and a great place to improve your skills and compete in all disciplines.

We send out regular emails to keep members informed and post notifications on our Club Facebook page.

Meetings

Members are welcome to attend monthly Management Meetings as observers. Members General Meetings will be held twice per year where members have the opportunity to participate. Members are always welcome to provide suggestions, concerns or requests to the committee by email at any time.

The Management Team usually meets on the first Monday of the month via TEAMS or at the clubhouse and all members are welcome to attend as observers from 6.30pm but must email the secretary and let them know they would like to attend.

Advertising

Advertising and Sponsorship opportunities are regularly available. Please contact the secretary at redriversgrounds@gmail.com

Safety and Risk Management

All EA and Club events under the EA banner are conducted in accordance with Equestrian Australia or Australian National Working Equitation rules and regulations;

All ATHRA and Club events under the ATHRA banner are conducted in accordance with ATHRA rules and regulations, and the club's current Member's Handbook.

Safety of horses, riders and spectators is paramount. Where a horse's behaviour is deemed to be dangerous to others the person responsible for the horse may be requested to leave the clinic or event and move to an area which does not create a danger to others.

Riders, members and visitors must always adhere to the requirements specified in the club's current Member's Handbook while on the club grounds and interacting on social media.

Any club member who puts the safety and wellbeing of their fellow club members at risk or who deliberately ignores the conditions of membership outlined in this document will need to show cause as to why their membership should not be revoked.

RANCH

Ranch Events highlight the versatility of the hard working, multi-talented horses and riders who spend their days keeping the cattle industry running. The ability of a horse to work at a forward yet economical pace in a natural frame in partnership with its rider is the basis for Ranch Events.

Pattern events such as Ranch Riding, Ranch Reining, Ranch Pleasure and Ranch Trail test the horse and rider's abilities and education while they negotiate a series of manoeuvres and transitions.

Ranch on the Rail is ridden in a group and is judged on a horse's movement and transitions through various gaits while Ranch Boxing, Ranch Cow Work, Ranch Cutting and Ranch Roping showcase cattle working ability.

A horse's gaits, movement and ability to ride confidently amongst other horses is showcased in Ranch on the Rail; and its ability to work cattle is tested in Ranch Cow Work, Ranch Cutting, Ranch Roping and Ranch Boxing.

Ranch Rules

These rules are based on the Ranch Horse Association of Australia Rule

Book which can be found at:

https://www.rhaa.com.au/_files/ugd/03cbfd_0e5964aec074b78bfb656ce9d0f9cd9.pdf

VOLUNTEERS AND HELPERS

Volunteers

Without Volunteers we cannot run events and any help is greatly appreciated.

All volunteers MUST sign in and out of the volunteer sign on book. It is a volunteer's responsibility to ensure they complete this task. The volunteer sign on book will be at the gear steward tent, canteen or with the club committee member responsible for overseeing the event volunteers for that day.

Club Competitor Helper Requirements

Competitors are expected to help out for an hour each day at each event they compete in.

Members entering events are to be allocated a job to assist with the smooth running of the event. Please be considerate to event organisers and your fellow club members and be on time and do the job you are assigned. If you are unable to do your job, it is your responsibility to find someone to take your place. Failure to do your job or find a replacement will result in your future nominations being considered for rejection.

Members riding in the event are expected to help as part of your club membership. Entry fees for members are at discounted rates. All volunteers must sign the sign on book.

Finishing Your Event

At the completion of your test or jumping round, leave the arena/ring as promptly as possible to make way for the next rider and help the day run smoothly. Once you have finished for the day and tended to your horse's needs, please return to the clubhouse and offer to help in the running of the day.

Yards are available free of charge, so you can leave your horse in a safe environment. The event organizers are likely to be riding and will need your assistance to allow them to prepare their horse for the day. Please remove any manure from the yards.

The club encourages members to help and support one another, this may include holding horses, helping with forms, or covering someone else's job. Please be an active member for everyone's fun, safety and enjoyment of the day. Please also feel free to arrive early to the event/clinic to help before you ride. This is another great way to show your support to fellow riders and members. The club cannot run successfully without member involvement.
