332 Dirksen Senate Office Building

Dear Leader Cassidy and Leader Sanders:

The Partnership for Innovation and Empowerment (PIE) stands with communities nationwide to demand meaningful reform of the 340B Drug Pricing Program. Too often, the program's benefits never reach the patients it was meant to help.

We urge you and your colleagues to act, to reform 340B so that savings flow where they belong: into better care for people, not corporate expansion. Our communities are watching, and they need action now to make healthcare affordable and fair.
Sincerely,

Brady J. Buckner
President
Partnership for Innovation and Empowerment (PIE)
