

We welcome the children and women back to the home!

We are excited that the Indian Government has allowed the children and women to return to the home. There are 23 boys, 7 girls, and 8 women who have returned, and we still have a few children from other states waiting for permission to travel back to the home.

Pray for them as they begin a new school year that they will be able to go back to in-person schooling soon. Currently, they have two teachers that come and instruct the children and help them with their studies. Also, pray that they would continue to be healthy and grow in love and the knowledge of Jesus Christ.

Also note, that Ajay and Ida have returned to the U.S. for Ida's job. She will be a preschool teacher in Maryland. Ida received this position through her school, the University of Dayton.

They are also expecting their first baby, due in December. Pray for them as they adjust to many new changes in their lives.

A Loving Home for Orphans and Widows

Boys and Girls received new foot lockers

The boys and girls were so excited to receive their new foot lockers recently. These boxes contain all the children own. It holds their clothes, backpacks, shoes, and any personal items.

Through your donations and support, we provided these new lockers for all the women and children. Thank you, and may God continue to use you in large and small ways for his Kingdom work.

*"Teach me your way, Lord, that I may rely on your faithfulness; give me an undivided heart, that I may fear your name."
Psalm 86:11*

Summer Projects

We have had a busy summer sharing Renewed Hope India. For the first time, Andrew Apps shared with campers at a Northern Christian kids camp, and RHI was the weekly mission focus.

Enoch Bylla spent his summer interning at Rock Lake Christian Assembly as the summer's Missionary. Enoch developed the summer curriculum and activities for each age group and shared several media types about life in India. In addition, he made Chai tea, did Henna drawings, and told of God's great love for all the world's children. Enoch said he has never had an opportunity to share with so many children and age groups before. He is thankful for the opportunity and has learned so much this summer.

In addition, Enoch helped raise funds for a new driveway for the campus. We are excited to share the work that God is doing in and through us at Renewed Hope India. If you would like to share more about the ministry, don't hesitate to get in touch with us! We have simple packets and promotional materials we are happy to share.
