

A blessing of harvest for RHI!

The campus is getting refreshed!

Though the campus is only six years old, the buildings need some repair from the heavy monsoon seasons India experiences twice a year. They are sealing the flat roof from leaking, repairing wall cracks, and adding a new coat of paint inside and out. Also, they were able to put in a much-needed driveway that will help the children, school bus, and visitors get safely in and out of the home during the rainy seasons.

Harvest Time!

The home has many different varieties of fruit trees on the campus, helping the home be more self-sustaining. The children help in taking care of watering and looking after the orchard.

Guava, sweet oranges, papayas, mangos, cashew nuts, jackfruit, bananas, and coconuts are almost ready for harvest.

Please Pray!

Madhukar is mentoring Satish, his wife Ramadevi, and their children Bramendra, Lokeswari, and Aiswarya, who are interested in becoming the new house parents. This will allow Madhukar and Sony to focus on their pastor's village ministry.

Sony is enjoying her time in the United States visiting her daughter Ida and getting to know her new grandson, Ian Mark. Madhukar plans on joining Sony in mid-April for Enoch's graduation from Great Lakes Christian College. They will plan on being in the U.S. through the end of May.

"And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work. As it is written: 'They have freely scattered their gifts to the poor; their righteousness endures forever.'" Corinthians 9: 8-9

You can give online at RenewedHopeIndia.org or mail a check to 2343 East Katrina Blvd, Kent City, MI 49330.

Thank you, and blessings from Renewed Hope India!
