

Granville Education Foundation
Performing & Visual Arts Grant
2021-2022 Application
Due October 8, 2021

The Granville Education Foundation is dedicated to enhancing student performance by providing resources and enrichment programs in partnership with the community and Granville County Schools. The Performing & Visual Arts Grant is designed to support, promote, and enhance creative efforts in the fields of music, theater, dance, visual arts, and photography/videography. The goals for this grant are to focus on supporting student projects that go beyond what the current visual and performing arts curriculum provides and by extending exposure of these artistic endeavors to the community, i.e. other students in the school, other schools, and/or to the larger Granville County community. The project should relate to the appropriate arts curriculum and be based on a specific project that has measurable outcomes which can withstand a thorough evaluation. Refer to the Grant Rubric on page two. This grant is designed to enhance a learning experience, not to simply purchase supplies. All materials bought with this grant funding will remain property of the school to which it was awarded. Thank you for your interest.

- Performing & Visual Arts Grants will be awarded in an amount up to \$1,500 for use during the 2021-2022 academic year.
- Only Middle and High School grades are eligible to apply for the grant
- Principal signature is required to submit application
- All grant application submissions **must be received by 11:59pm on Friday, October 8, 2021** via email to GranvilleEdFoundation@outlook.com.

Note:

- ❖ The application cover sheet containing the name of the teacher and school is removed during the grant scoring process. This ensures the grant is scored solely based on the grant content. Please refrain from including specific names (school, staff, etc.) within your grant content.
- ❖ All portions of the grant must be included within the application. Grant scorers will not follow any website links to retrieve portions of the grant application.
- ❖ The Committee will take into consideration the number of students impacted by the grant with preferences given to those having the largest student impact. The Committee does recognize that there are some self-contained student populations that are smaller in number.
- ❖ If using an acronym in the grant application, please be sure to provide the associated words for which it stands as the committee may not be familiar with the acronym.
