### **PROFESSIONAL SUMMARY:**

I have served as an expert witness since 2016; the professional services I provide, combine clinical expertise and hospital / nursing standards of practice. My work experience is primarily in safety net healthcare organizations which are highly complex and regulated. My role as a senior nursing leader was implementing sustainable regulatory processes that mitigate risk management issues, compliance for CMS, JC, DOH for regulatory and clinical practice compliance, and to establish Nursing Standards of Care. My clinical areas of specialty are emergency department, medical / surgical / critical care / and healthcare administration. This skill set is the foundation for my work as an Expert Witness in medical malpractice, personal injury, civil suits, risk management & root cause analysis: clinical issues in nursing practice and standards in healthcare settings.

### **EDUCATION**
