| Emergency telephone number             | 00390266101029 Centro Antiveleni Milano                                                                                                                                     |

## 1. Hazards identification

Classification of the substance

Classified under Regulation (CE) n. 1272/2008 The substance is not dangerous according to Regulation CLP CE n° 1272/2008

Label elements

Labeling under regulation (CE) n. 1272/2008 the substance is not subject to labeling according to Regulation CLP CE n° 1272/2008 Safety advice P301+P312 if swallowed: to contact

a POISON CENTER or doctor

P302+P352 in case of contact with skin: Wash with plenty of soap and water

P304+P340 In case of inhalation :

remove to fresh air and keep at rest in a position comfortable for breathing.

P305+P351+P338 IN CASE OF EYE CONTACT :  
rinse thoroughly for several minutes. Remove contact lenses if easy to do. Continue rinsing.

## INFORMATION ON INGREDIENTS

P403+P235 Store in a cool, well-ventilated place

## 2. First aid measures

|              |                                                                              |
|--------------|------------------------------------------------------------------------------|
| Eye contact  | Rinse thoroughly for several minutes                                         |
| Skin contact | Wash with plenty of soap and water                                           |
| Ingestion    | if swallowed feel unwell, contact a poison control center or doctor+         |
| Inhalation   | remove to fresh air and keep at rest in a position comfortable for breathing |

## 3. MEASURES IN CASE OF FIRE

|               |                           |
|---------------|---------------------------|
| Extinguishing | foam, powder or water jet |
|---------------|---------------------------|

## 4. MEASURES ACCIDENTAL RELEASE

|                                              |                                                                  |
|----------------------------------------------|------------------------------------------------------------------|
| Personal precautions                         | wear personal protective equipment                               |
| Environmental precautions                    | prevent runoff into sewers                                       |
| Methods of absorption and absorbing material | organic, sand; Pick up cleaning mechanically and wash with water |

## 5. HANDLING AND STORAGE

|                                            |                                                                          |
|--------------------------------------------|--------------------------------------------------------------------------|
| Manipulation                               | wear protective equipment before use                                     |
| Requirements for storerooms and containers | fresh local and adequately ventilated no packaging material incompatible |
| Storage conditions                         | Store in tightly closed containers in a cool place                       |

## 6. CONTROLS / PERSONAL PROTECTION

|                       |                                                                                                        |
|-----------------------|--------------------------------------------------------------------------------------------------------|
| Exposure limit values | the substance does not contain substances whose values limits that require monitoring at the workplace |
|-----------------------|--------------------------------------------------------------------------------------------------------|

The individual means of gloves and safety glasses protection

## 7. PROPERTY 'PHYSICAL AND CHEMICAL

|            |              |
|------------|--------------|
| Appearance | clear liquid |
| Color      | dark Yellow  |

## 8. STABILITY AND REACTIVITY

|                          |                                         |
|--------------------------|-----------------------------------------|
| Stability                | the substance is stable                 |
| Dangerous reactions      | no particular reaction                  |
| Conditions to be avoided | heat, flames and sparks                 |
| Incompatible materials   | oxidizing agents, zinc, acids and bases |

## 9. Toxicological information

|                      |                             |
|----------------------|-----------------------------|
| Acute toxicity       | no data available           |
| Primary irritability | no data available           |
| On the skin          | not known irritant effects  |
| On the eyes          | not known irritant effects  |
| Sensitization        | no sensitizing effect known |

## 10. ECOLOGICAL INFORMATION

|                        |                                 |          |
|------------------------|---------------------------------|----------|
| Additional information | Use according to good practices | working, |
|                        | avoiding littering              |          |

## 13. DISPOSAL

Advice disposed of in accordance with local

## 14. TRANSPORT INFORMATION

UN number:

The substance is not a dangerous substance to both domestic and international road transport, rail and by sea

## 14. Regulatory information

### Safety, health and environmental regulations, legislation specific for the substance

National provisions

Via Dei Castelli Romani 102 – 00071 Pomezia Roma (RM) – Lazio – Italiaweb: [www.botexpharma.com](http://www.botexpharma.com) Mail: [info@botexpharma.com](mailto:info@botexpharma.com) – PEC: [botexpharmasrl@pec.it](mailto:botexpharmasrl@pec.it) – P.IVA: 1400291006

Italy: D.Lgs 81/2008 single text regarding health and safety protection (in the workplace) as amended and Directive 2009/161/UE - chemical risk assessment in accordance with Title IX

**Hazard class for water**

1 Classification in accordance to VwS

International standards

Directive 67/548/CEE (Classification, packaging and labeling of dangerous substances) and subsequent amendments

Directive 1999/45/CE (Classification, packaging and labeling of dangerous preparations) and subsequent amendments

Regulation n°. 1907/2006/CE (REACH)

Regulation n°. 1272/2008/CE (CLP)

Regulation n°. 790/2009/CE (amending, for the purposes of the technical and scientific progress, ATP Regulation n°.1272/2008/CE)

**Chemical Safety Assessment**

For this substance is not required chemical safety assessment

**16. Ingredients**

Tobacco Latakia

Tobacco Kentucky smoked

Tobacco Cavendish

Tobacco Oriental

Tobacco Perique

**17. Other information**

Recommendations of use Contraindications:

In case of gallstones, use only after consultation with the doctor; not be used as antiemetic during pregnancy.

Side effects have not been, to date, shown experimentally

Interactions: Excessive use can interfere with anti-diabetic or cardiac care anticoagulants

## LEGEND:

ADR: Accord européen relative au transport international des marchandises dangereuses par route (accordo europeo relativo al trasporto internazionale delle merci pericolose su strada)

EINECS: European Inventory of Existing Commercial Chemical Substances (Registro Europeo delle Sostanze chimiche in Commercio)

CLP: Classification, Labelling and Packaging (Classificazione, Etichettatura e Imballaggio)

IMDG: International Maritime Dangerous Goods code (Codice sul Regolamento del Trasporto Marittimo)

RID: Règlement concernant le transport International ferroviaire des marchandises Dangereuses

(Regolamento concernente il trasporto Internazionale ferroviario delle merci Pericolose)

VwVwS.: Text of Administrative Regulation on the Classification of Substances hazardous to waters into Water Hazard Classes (Verwaltungsvorschrift wassergefährdende Stoffe – VwVwS)
