**«ART IS A QUESTION,
DESIGN MUST BE AN ANSWER «...»**

...according to Bernard Reybier: at Fermob, design finds its ultimate expression to create **stylish furniture that works with every lifestyle.**

The brand has also **redesigned iconic furniture pieces** such as the traditional folding **Bistro** chair of «Parisian café», the famous chairs in the **Luxembourg gardens** and the 1900 scrolled garden furniture from the end of the 19th century. Like an exercise in style, these pieces of furniture have been modernised and developed to become collections in their own right.

The company is also committed to **protecting its natural surroundings**. Fermob is well aware of its incredible luck in working with steel and aluminium, **materials that are 98% recycled and 100% reusable**, and has long been committed to **limiting its environmental impact**: one of the best examples of this is its zero-waste painting line.

Zero discharge of polluted water
thanks to the use of a carefully balanced successive-dip process in the surface treatment tunnel.

Zero atmospheric emissions
heat from the ovens is even recovered to heat the metal treatment baths.

Zero powder waste
our solvent-free, 100% polyester powder coating is applied without water via a closed-loop process, meaning that any surplus powder is collected via suction and reused.

A vibrant, colorful outdoor chair is the central focus of the image. The chair is a bright, saturated green color and has a modern, minimalist design with a curved backrest and armrests. It is positioned on a grey, paved surface. In the background, there is a wall with horizontal wooden slats, and a large, colorful mural of flowers in shades of pink, purple, and green. The overall scene is bright and cheerful, suggesting a garden or outdoor setting.

YES TO A MORE COLOURFUL WORLD!

Out with the monochrome. We stand for vibrant furniture: Chili, Ice Mint or Frosted Lemon. Our colours are exclusive and can't be found anywhere else! They are deep, radiant, gentle, intense, rich - and any more things other colours can only dream of. If, like us, you have sworn loyalty to a world awash in bright tones, then our colour chart is just for you!
