

We are required by the state of Massachusetts to establish and follow a COVID-19 control plan to comply with mandatory safety standards, such as social distancing, and need your cooperation to create the best experience possible. The volunteer pledge has been designed for the safety of all Ironstone Farm team members, including staff, riders, and volunteers. The pledge will be reviewed periodically, and a new pledge may be sent out as conditions change in Massachusetts. **This pledge below must be signed by the volunteer, understanding that the volunteer must follow this pledge.**

VOLUNTEER PLEDGE

I pledge to follow the rules and regulations when I enter the property of Ironstone Farm. I understand I am entering at my own risk.

- I agree to come to Ironstone Farm no earlier than 15 minutes before my work shift. I will leave the property 15 minutes after my last lesson ends.
- I will use hand sanitizer or wash my hands in the hand wash sink as soon as possible upon arriving on property.
- I agree to wear a mask at all times while on Ironstone Farm property, except as noted here: The only time I will take down my mask is while I am taking a lunch break/drink and socially distant from other people. My mask will be worn when I am done with the above activity.
- I will not bring any guests with me to the farm. If someone needs to bring me something, they will remain in the parking lot with a mask, and I will meet them there.
- I will limit what I bring onto the property. For example: food, beverages, weather appropriate clothing.
- I will maintain social distancing (6 ft.) while at the farm whenever possible.
- If I feel ill, I will not come to the farm and let the farm know I am not coming, I will contact a health-care professional and follow their guidance.
- If I have been in close contact with a positive COVID-19 case, I will not come to the farm, and I will let the farm know I cannot attend. I will consult my health-care professional and follow their directions, including quarantining. I will get a negative COVID-19 test to return.
- If I have tested positive for COVID-19, I will not come to the farm and will inform the farm that I am not coming. I will consult a health-care professional, follow their directives – including isolating – and will not return to the farm until I have received clearance from the local health department. I will provide one negative COVID-19 test to return.

I also understand that this pledge is effective Jan. 1 2021, and shall remain in effect until rescinded or until the state emergency is terminated, whichever happens first.
