Colton Kratky is Running for MN House District 29B

Monticello, MN, 5/28/2024 - Marine Veteran, Colton Kratky, is running for House seat 29B. This covers Monticello, Buffalo, Maple Lake, and Silver Creek Township. He moved to Monticello in 2020 after almost 6 years in the Marines and is running to make sure his son and all future generations have a brighter future to grow up in.

"I am running for the MN House seat because I truly wish to help make our present and future better for all residents. We as a nation, state, and district have made great progress over the years to make a better quality of life for us, but we need to continue working towards better. I will bring my experience from being a Marine Sergeant, an IT professional, and a parent to the legislature. I will represent our district with judgment, tact, integrity, enthusiasm, and knowledge." said Colton Kratky. "I will focus on bringing reform to our education and healthcare policies to make best use of their budgets and eliminating unnecessary overhead while adding value to current systems. I will also work to get help out to our districts and others like ours to establish ways to help our communities' most vulnerable so they don't have to travel long distances to get the help they deserve."

Colton grew up outside of Fort Worth, TX. He left for college in 2009 and then joined the Marines in 2013 shortly after marrying his wife. After returning from deployment in 2019 and finishing his active duty service, he and his wife decided to move to Minnesota to be closer to his wife's family. He has enjoyed volunteering at his church, working with the youth and children's ministry and helping disciple other men. He has given talks at local tech conferences to share his knowledge and experience with others in the field.

Colton wants to use the experience he has gained from living in different states, seeing part of the world on deployment, his time in the military, and working in IT to help our district. Visit kratky4mn.com to learn more about his platform. Engage with Colton Kratky for Minnesota House SD29B on social media via [Facebook](#), [Instagram](#), and [X](#).
