Stand Up to Biden

Polls show Trump topping Biden; however, in a race between RFK Jr. and Trump, Bobby wins, according to Zogby. Biden cannot beat Trump but Trump cannot beat Kennedy. Thus, the message for those who fear another Trump term is don't throw away your vote on Biden!

- Biden has denied Secret Service protection to RFK Jr. in a beyond cynical effort to drain Bobby's funding on costly private security
- Biden has led us to the edge of WWII plus a crisis at our border
- Americans worse off under Biden on all key indicators: housing; inflation; debt; safety; health; happiness; national pride/unity; free speech, etc. the list goes on
- Legit concern of mental capacity

Stand Up to Trump

The largest 50-state poll of the 2024 cycle from Zogby Polling indicates RFK Jr. is the only alternative to four more years of Donald Trump.

- Our national debt exploded under Trump's leadership
- Trump wants to reduce our safety net like social security benefits
- Press Freedoms under attack; won't pardon heroes like Julian Assange
- Despite Trump's big talk, he proved to be a hypocrite on many issues related to freedom and America First
- Trump suspended the Constitution and allowed our freedoms to be abolished via his pandemic policies. Small businesses were destroyed, Americans lost our health rights, and Trump was dominated by entities like Fauci and Global Bureaucrats
