

Attachment C: The American Political Spectrum:

The Big Lie:

This is the simplified straight line political spectrum that is relentlessly propagandized by the establishment, which conveniently keeps the people perpetually artificially divided and the elite perpetually in charge. This model falsely promotes the idea that independents on the left and right have nothing in common and cannot work together to obtain shared goals for the benefit of all when in reality the opposite is true.

<i>Far Left</i>	Mainstream/Center	<i>Far Right</i>
Progressives, Socialists, etc.	Moderate Democrats Moderate Republicans	Libertarians, Constitutionalists, etc.

The Reality of the Political Spectrum:

It is much more accurate to view politics as a circle and not a straight line, with those who wish to maintain the status quo, mainly for their own benefit, on one side of the equator, with most Americans who rightly have a low opinion of politics as usual on the other side. Ordinary people on the “left” and “right” have a lot more in common with each other than with either of the established political parties.
