By proportionally distributing Chancellor, Governor, and Ambassador roles, the project empowers diverse leadership, supports localized growth, and prevents centralization of governance.

This structure enhances global legitimacy, drives regional adoption, and creates a scalable model where each region contributes uniquely to the prosperity and evolution of World3000.

## Regional Allocation of Committee Seats

C3000 Exclusive Advantage

# WHY NOW IS THE BEST TIME TO JOIN?

- 1** **Guaranteed Early Advantage:** Only **30 billion W3K tokens** (10% of total supply) are reserved exclusively for Committee of 3000 — **Once they're minted, no more will ever be offered at this price.**
- 2** **Guaranteed Fixed Minting Price** — **\$0.000333**/token. Committee members mint W3K at a **locked-in base price** — a price that will never be offered again once PRA activates.
- 3** **You Control Supply and Access:** Committee members are the first **minters, holders,** and market **suppliers** of W3K tokens. No one else can mint or sell until C3000 seats are taken.
- 4** **Staking** Launch Will Ignite **Demand & Circulation:** When 30% of seats are sold, the W3K staking program begins — Once 30% of seats are sold, the **staking program launches**, requiring the public to buy W3K. This creates strong demand, circulation, and rising token value — while you hold the supply.
