PUBLIC NOTICE REQUIREMENTS

The zoning regulations require that public notice must be given prior to all zoning hearings as follows:

- 1) A legal advertisement shall be published not less than 15 days and not more than 45 days prior to the public hearing.
- 2) A public notice sign shall be placed in a conspicuous location on the property not less than 15 days and not more than 45 days prior to the public hearing.

The Town is required to post the sign and ensure that it remains in place during the entire zoning proceeding. The sign must be placed on the property within the specified time and in a conspicuous location.

The purpose of the sign is to inform the public that an application has been filed. Legally, the Council cannot consider a request until all public notice requirements have been met. If it is determined at any time during the zoning proceeding that the sign has not been properly posted on the site, the Council must table or delay the request. Council members and planning staff often visit the site and will look for the sign. Additionally, local citizens often report when a sign has not been posted.

Multiple sign posting on a site may be required as determined by the Town. The sign will be conspicuous and in a location where it is clearly visible. The sign will not be obstructed in any manner, placed too far from the road, or placed in such manner that would cause it to blend into the landscape.

The sign will remain posted during the entire proceeding. Should you find the sign missing or vandalized in any manner, contact the city so the sign can be replaced. When the proceeding is complete and final Council action has occurred, the sign will then be removed from the property by the Town.
