WHAT IF I **CAN'T RESUME** REPAYMENT AT THE END OF THE PAUSE?

Maintain communication with your lender. Consider if you should resume payments before the arrangement ends, or whether a modification to the deal or product will be beneficial.

IF your financial status isn't changing, if you are planning on making reduced income, or if you need more time to get back on track, ensure you maintain communication with the lender.

make loan payments, resist the urge to take out more credit. This will result in a 'debt spiral,' in which a small debt easily grows to be unmanageable.
