

## CAPABILITIES STATEMENT

**Stratatek Solutions** delivers critical infrastructure and workforce solutions to federal, state, and commercial clients. Headquartered in the Washington, DC area, we specialize in **structured cabling, HVAC, generator installation, staff augmentation, and strategic consulting.**

With a legacy in government contracting, logistics, and systems design, our team blends hands-on technical delivery with back-office expertise. We deploy certified technicians, cleared project teams, and responsive support staff—ready to perform under prime or subcontract roles.

## CORE COMPETENCIES:

### Structured Cabling

- Low-voltage system design and installation
- Fiber optic, Cat5e/6/6A cabling and testing
- MDF/IDF buildouts, patch panels, rack systems
- Wireless access point deployment and support
- BICSI-compliant documentation and labeling

### HVAC Services

- Commercial HVAC installation (RTUs, splits, minis)
- Preventive maintenance programs
- Smart thermostat integration & energy audits
- Seasonal inspections and 24/7 emergency repair
- Mechanical upgrades for compliance & performance

### Generator Solutions

- Turnkey generator procurement and installation
- Concrete pad setup, ATS, grounding & permits
- Load testing, remote monitoring & warranty service
- Fueling logistics and preventive maintenance
- Indoor / outdoor units: diesel, natural gas, dual-fuel

### Project Management

- Cross-trade coordination and subcontractor oversight
- Project planning, crew scheduling & daily logs
- Budget tracking, risk logs, and QA documentation
- Client updates and compliance with closeout protocol

### Strategic Consulting Services

- Federal and commercial procurement guidance
- Organizational development and team structure
- Technical writing, proposals, and bid strategy
- Government compliance alignment and audit prep
- Business readiness for GSA, SAM, and state contracts

### Staff Augmentation

- Rapid deployment of skilled labor across industries
- Short and long-term workforce solutions
- Cleared technicians, union/non-union availability
- On-site supervision, payroll compliance & time tracking
- Workforce scalability for projects, emergencies, or backlogs

## DIFFERENTIATORS

- Multi-trade service model: cabling, HVAC, generator, & workforce
- Female- & minority-led leadership (50+ years combined expertise)
- Subcontractor onboarding, compliance tracking, & rate transparency
- Embedded project documentation, daily reporting, & QA systems
- Experience across federal, state, local, & commercial markets

## CLASSIFICATION CODES

### NAICS:

**238210:** Electrical Contractors and Other Wiring Installation Contractors

**238220:** Plumbing, Heating, and Air-Conditioning Contractors (HVAC)

**238290:** Other Building Equipment Contractors (Generators)

**541513:** Facilities Support Services

**541611:** Administrative Management and General Management Consulting

**541618:** Other Management Consulting Services

**561110:** Office Administrative Services

**561320:** Temporary Help Services (Staff Augmentation)

**561499:** All Other Business Support Services

## PAST PERFORMANCE

- USDA radio room retrofit (cabling + HVAC)
- GSA modernization projects with generator installation
- DCPS rewiring & telecom modernization
- Subcontractor support for telecom broadband initiatives
- Proposal strategy & staffing for 8(a), SDVOSB, & WOSB firms

### SIC:

**1731:** Electrical Work

**1711:** Plumbing, Heating & Air Conditioning

**1796:** Installation or Erection of Building Equipment (Generators)

**8742:** Management Consulting Services

**8748:** Business Consulting Services, NEC

**7363:** Help Supply Services (Staff Augmentation)
