## Attendance Policy and Communication

Attendance is **CRUCIAL** for a successful team! One skater failing to show up for practice affects the entire team. Absent skaters result in non-productive practices due to coaches having to re-choreograph routines and it is difficult for a team to gracefully change their routine when someone doesn't show up for practice or performances. Missing a team member during practices or performances can also create safety issues for the team when having to change routines to accommodate the absent skater.

- This year, the focus of the performance team will be competitions. As a result, we will be learning one primary routine with the potential for a second routine for combined Jr and Sr team performances. These routines will be learned in the first six weeks of the season. **NO ABSENCES ARE ALLOWED DURING THIS TIME!!**
- Each skater is permitted 2 "excused absences" for family obligations & travel flexibility. For any other absence to be considered "excused", it must be due to emergencies, illness or mandatory school obligations. Any absences must be communicated to the Performance Chair and coach as far in advance as possible. With the exception of illness and emergencies, absences **MUST** be communicated at least **24 HOURS PRIOR TO** the start of practice.
- Unexcused absences **WILL NOT** be tolerated.
- Excessive absences (even if excused) will result in a review from the committee and may result in removal from the team.
- Should a skater miss practice and miss choreography changes, it will be the responsibility of the skater to work with their teammates to learn the routine. Coaches will NOT repeatedly re-teach the same choreography.
- **All performances are required.** If a skater will not be able to make one of the performances this **MUST** be communicated to the Performance Chair and coach **at least 2 weeks prior to** the performance.

To notify of absences please contact the Performance Chair and Ice Diamonds Team Coach by email or text:
