BLACK SHIVER 120

An aerial, top-down view of a sleek, dark blue speedboat moving across clear, turquoise water. The boat's hull is dark blue, and its interior seating is upholstered in light-colored, possibly white or cream, fabric. The boat is oriented vertically in the frame, moving from the bottom towards the top. The water around the boat shows some white wake, indicating its speed. The overall scene is bright and clear, suggesting a sunny day.
