FJORD YACHTS

**FJORD 39XL**

An aerial photograph of a small white motorboat with a black canopy, positioned in the center of a narrow, U-shaped fjord. The water is exceptionally clear, showing a vibrant turquoise color that reveals the rocky seabed. The fjord is flanked by steep, rugged cliffs made of light-colored, layered rock, with sparse green vegetation. At the top of the fjord, a small white sandy beach is visible, with a few people and vehicles. The overall scene is serene and scenic.
