

2-Go Rule Proposed
Approved by Board on 8-3-25
Beginning Fall 2025

Proposal for the 2 go option for the AHSRA/AJHRA 25/26 season as follows. 2 go option is only valid for SUNDAY only and is only valid for regional rodeos. 2 go option can only be used twice during the 25/26 season per contestant. Contestants utilizing the 2 go option must use this option for all events competed in. Entries for each rodeo will close 10 days prior to the beginning performance of each regional rodeo. This 10-day prior to closure will mean that to utilize the 2 go option you must have entered and selected the option 10 days prior to the start of the first performance. Once the 10-day period has closed there will be NO more entries accepted for 2 go option. The late period will begin on the close of the 10 day and will remain open until 7 days prior to the start of the first performance for any late entries with a late entry fee. Once again 2 go option not valid during this period. Once books close after the 7-day period they will not re-open. Cost will be \$125 per contestant with \$25 for each event. The association will collect the entry and will split the \$125 50/50 with the host committee and the association will keep all the \$25 for each event.

To enter for the 2 go option the rodeo will be ran with a slack option for Sunday only, (i.e.: Sun Slack/Sun perf) meaning that slack will start 30 mins prior to the performance on Sunday. This will be valid for all events minus the Shooting sports, reined cow horse, and cutting.

We will be going back to random draw for all events for both go rounds at all rodeos excluding the finals. Stock drawn by same contestant is only valid at the Finals meaning that at a regional if contestant draws same stock twice contestant will still compete on that animal, redraw only applies at the finals where points are given for an average.
