

Photography and Filming policy

Lagan Warrior Paddlers

At Lagan Warrior Paddlers, we understand that photographs and videos can be an important way to document and share our activities with the community. However, we also recognize that photographs and videos can raise privacy and safety concerns, particularly when children and vulnerable adults are involved. As such, we have developed a Photograph and Filming Policy to ensure that all members and visitors are aware of the guidelines and expectations for taking and sharing photographs and videos at our sports club.

The purpose of this policy is to promote the safety, privacy, and dignity of all members and visitors, particularly those who may be at risk of harm. This policy outlines the guidelines and procedures that must be followed when taking and sharing photographs and videos at our sports club, including obtaining consent, respecting privacy, and ensuring that all images are appropriate and respectful. We are committed to creating a safe and inclusive environment for all members and visitors, and this policy is an important part of that commitment. We believe that by implementing clear guidelines and procedures, we can ensure that all individuals at our sports club are able to participate in activities with confidence and without fear of harm or embarrassment.

We encourage all members and visitors to familiarize themselves with this policy, and to adhere to the guidelines and procedures outlined here. By working together, we can ensure that our sports club is a safe and welcoming environment for all, and that our activities are enjoyed in a manner that respects the privacy and dignity of all individuals.
