## The Millennium's 7-Part On-Line TBI Lecture Series has launched.

Since 2009, the Millennium Health Centers has provided CME lectures on neurotrauma causing hormonal deficiencies. Since that time, the sciences have evolved to provide a more robust appreciation of the complexity of the systems that are evoked in trauma and affect both cognition and emotional stability. In 2015, with the release of the book; TBI – A clinical approach to diagnosis and treatment, a two-day course was developed to share this information twice a year along with AMMG's conferences.

On November 14, 2022, the Millennium's 7-part lecture series on Traumatic Brain Injury was launched from our Shopify store: [www.MillenniumHealthStore.com](http://www.MillenniumHealthStore.com). As an On-Line course consisting of 15 hours of lectures, healthcare providers can now license the series at review at their leisure. Additionally, by the end of the 1<sup>st</sup> quarter of 2023, we will have the Millennium TBI Certification examination available through our Shopify store.

Between November 14, 2022, and January 31, 2023, the price for the 7-part lecture series will be \$499.00. You can also use the checkout code: **NetworkTBI** for an additional 10% discount. On February 1, 2023, the On-Line Course will return to its original price of \$799.00, still a bargain when you consider the cost for leaving your office for a few days. Get the Free Lecture #1 at <https://millennium.thinkific.com/courses/free-tbi-lecture>

Finally, \$250.00 from each On-Line lecture series purchased will go to help a veteran enter the Millennium's TBI program.

Thank you

*Mark L. Gordon, MD*

## Content of TBI Lecture Series

Lecture Title	#Slides	Time
1. Introduction to TBI	45	45-60min
2. Neurology of TBI	57	60-75min
3. Neuroinflammation in TBI	61	75-90min
4. Neuroendocrinology of TBI	60	75-90min
5. Neuropsychiatry of TBI	55	60-75min
6. The Laboratory of TBI	84	90-120min
7. Treatment of TBI	127	120-150min
8. Pending case studies	120	120-180min

The TBI Lecture series consists of 600 slides with over 500 embedded, context-sensitive links to the articles that are being discussed. These lectures will enable you to take the certification examination to become a part of the Millennium TBI Network. As a member, you will have access to all our proprietary products and services including laboratory and treatment protocols all at network rates. Additionally, you can get a listing on our primary website; TBIHelpNow.org which gets millions of hits after a Joe Rogan Podcast.

The present early-adapter's price for the lecture series is \$499.00 (use code NETWORKTBI for an additional 10% discount) which will become \$799.00 on February 1, 2023.
