

Millennium's Peptides for Health Program

We are ready to prescribe 100% USA manufactured peptides for our new Peptide Program. We have started our program stocking some of the most requested peptides which are highlighted in yellow on the Enrollment for PFH Program. As requests are made for other peptides we will bring them into our program.

How the program works.

1. **Open the Enrollment Form using a PDF** reading software (Adobe). Do not convert this document into any other format. Leave it as a PDF file. It can be filled out on screen. If it is converted to any other format, it will be rejected and delay your process.
2. **Fill out the Enrollment** form entering your name, address, your status in the office, Email, and phone number.
3. **Skip the Program Notes.** We will fill that in during your consultation.
4. **Go to the "Peptides for Protocol".** The Yellow highlighted ones we have in stock and the others we will bring in as demand requires. Nonetheless, put a "W" into all the Peptides you would like to obtain in the next 12 months. At our consultation we will focus on the ones we have in stock first and then those that you might have indicated you would like to use.
5. **If you are a patient of Dr. Mark L. Gordon you will send the Enrollment form to him and if with Dr. Alison Goron to her email.**
6. Most Importantly: Save the enrollment file to your hard drive renaming it using the following format:
 - a. Your Last Name Your First Name PFH and the date.
 - b. Example: **Gordon Mark PFH 2026 05 07**
 - c. Send to Mark @: GordonMD@millenniumhealthcenters.com
 - d. Or Send Alison @: Alisonnmd@millenniumhealthcenters.com
7. Attach the PDF Enrollment document to an email and send it off.
8. Within 48hrs you will be sent a calendar link for your mandatory consultation with your designated doctor since these peptides are now by prescription only.
9. If I have missed anything let me know.
10. PS – All the peptide prices are 15% off retail for the time being.

Thank you

Presently, available products are in Yellow put a "W" in the box in front of the Peptides you would like to obtain.

1st Order:

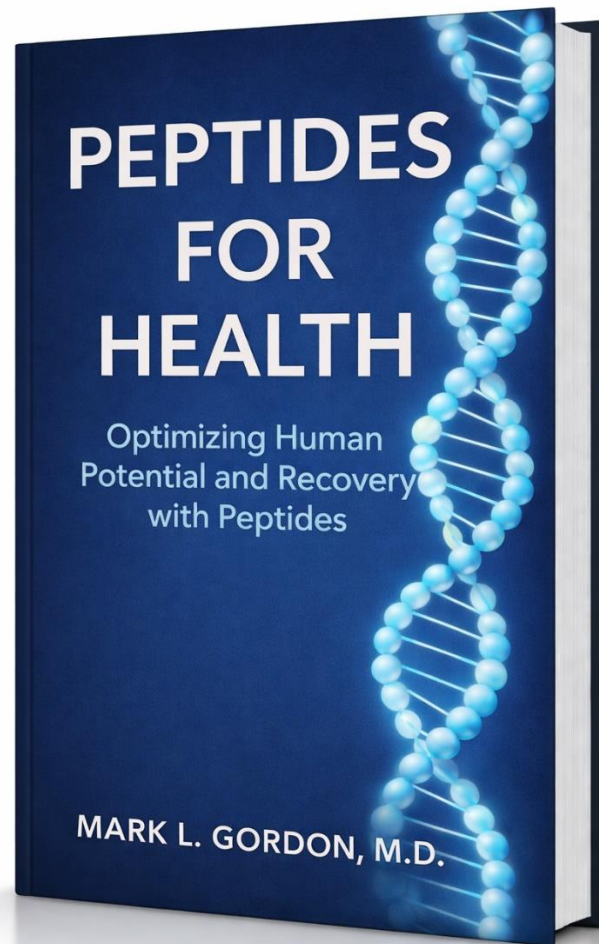

Reorder:

All established patients in good standing may obtain Peptides based upon the specific program that they are enrolling in: Weight loss, orthopedic protocol, cognitive improvement, physical optimization and others. All new patients who have completed their laboratory testing and consultation will be able to schedule a Peptide Consult to discuss their program goals. Non-patients and past patients must complete laboratory testing prior to arranging a separate consult for a Peptide Protocol. If you are unsure of the Peptides that you would like to supplement with, please go to MillenniumHealthStore.com and purchase the eBook – Peptides for Health (Consumers Version). This book has comprehensive discussions and information on 30 Peptides and programs to optimize your health.

This order processed by: _____ on _____

*Please fill out and send to either Dr. Alison Gordon: alisonnmd@millenniumhealthcenters.com or Dr. Mark L. Gordon: GordonMD@MillenniumHealthCenters.Com appointments will be arranged.
