Rocky Harbor (RH)  
RAILING:  
Trex Select in  
Charcoal Black (BK)

## NATURALS

Foggy Wharf

Rocky Harbor

Toasted Sand

Coastal Bluff

Cinnamon Cove

Honey Grove

## BASICS

Clam Shell

Tide Pool

Beach Dune

Saddle

**Performance-Engineered™ decking outlasts wood with high durability and low maintenance**

Enhance decking boards are scalloped, making them as lightweight as lumber—without the extra work.

Our SunComfortable™ products with heat-mitigating technology are designed to be cooler than most other composite decking products of a similar color. Although engineered to be more comfortable, they can still get hot to the touch when direct sunlight and high temperatures converge for extended periods of time. On such days, care should be taken.
