FOUL WEATHER GEAR
For Your Outdoor Spaces

Marine-Quality
VINYL SYSTEMS

MANUFACTURED ONLY BY

Powered By: Alpha Tubular Motors

**WEATHERSHIELD
IS THE ANSWER!**

The fully transparent marine-grade vinyl panels shield you and your guests **from foul weather and insects** while allowing **unobstructed views** to the outside!

WEATHERSHIELD offers customization! Screen mesh panels can be integrated with the vinyl to **permit air circulation AND protection from the elements!**

Optional Features Include:

- Obstacle Detection
- Manual Override
- Home Automation

WEATHERSHIELD is suitable for many outdoor applications. It is **ideal for outdoor gathering areas** such as decks, patios and gazebos!

TYPICAL RESIDENTIAL APPLICATIONS INCLUDE:

- Outdoor kitchens
- Porches
- Lanais
- Entry ways

WEATHERSHIELD can be used in commercial applications too! They are perfect for restaurants where roofed open-air dining areas can be uncomfortable due to inclement weather.

STANDARD COMMERCIAL APPLICATIONS INCLUDE:

- Open-air dining areas to offer protection from inclement weather and/or to deter insects
- Entertainment venues to allow additional space with year-round comfort for guests

The **WEATHERSHIELD** system is housed in a powder coated aluminum housing and can be built into your structure's architecture, or retrofitted for overhead mounting. **WEATHERSHIELD** systems are powered by high-quality motors and electronics, and come with an **Industry best 7-year warranty!**
