## INTERNATIONAL WOMEN'S DAY WALK & LUNCH

**Saturday, March 7 after Standout Rally**

The Trump regime thinks it's above the law. Cruelty is policy. Power is exercised without accountability. And still, women stand up.

We've seen women like Renee Good face fascism head-on. Her courage reminds us that bravery is a choice made in real moments, by real people, at real cost. This moment calls for more of us to be brave.

This International Women's Day, be brave with us. Join us on Saturday, March 7 to mark International Women's Day, and show our collective power, our refusal to comply, and our fight for a Free America. We will have our regular Weekly Standout Rally, including action items related to the day. This will be followed by a walk to The Charlotte Forten Memorial on Derby St, to honor the life of one of Salem's most notable women, the anti-slavery activist, poet, and educator, Charlotte Forten. Lunch at the All Souls Cafe will follow. We hope you can join us.

## NO KINGS III RALLY & DAY OF ACTION

**Saturday, March 28**

**noon**

**Riley Plaza**

Join us here in Salem as we mark the day as only Salem can! We will have music, poetry, speakers and a few surprises! Our speakers will include a representative of Solidarity for Tsuru, a group of Japanese Americans who are survivors of the detainment camps of World War II, along with their families, friends, and allies. She will speak of the experience of her family's imprisonment during World War II, and comment on the cautionary presence of a new types of concentration camps in our country. Other speakers will address the presence of authoritarianism in this country, presence of ICE in our communities, where we will unite with one voice to say: No Kings. Now is the time for action. Sign up by scanning the QR code here. And don't forget to wear something yellow!

## BITBAR HANGOUTS

**Tuesday, March 3, 10, 24**

**6:00 - 8:00 pm**

**BitBar, 278 Derby St, Salem**

Come hang out with your friends from Salem's Call at the BitBar, one of Salem's most funky and friendly places to play. They are known for their eclectic menu, and vintage pinball and video games. If you so choose you can join us in creation of origami cranes which we will distribute on March 28th at the next No King's rally. We will be having a speaker at that rally from Project Tsuru, the original group using origami in protest at detention centers throughout the US.

Some of us will also be assembling the cranes into garlands, which will be hung at the Burlington Detention Center later this month . (We could use a hand so feel free to stop by) Others of us will just be hanging out, and maybe playing a game or two.

Hope we see you there!

## DEMOCRATIC GOVERNORS: STAND UP AND PROTECT THE IMMIGRANTS IN YOUR STATE NOW!

online petition

In the first year of Trump's second term, we've seen militarized ICE agents aggressively patrolling our streets, wrongfully detaining U.S. citizens and legal residents, and carrying out a record number of deportations. And the Trump administration has made it clear: They are only getting started. The hateful rhetoric of this administration paired with the violent tactics of ICE and Border Patrol are sowing fear into our communities and causing lasting damage to our country.

Governors have the ability to immediately take strong countermeasures to protect immigrant communities within their states. Our state leaders cannot sit idly by, allowing Trump to decimate our communities and deport our neighbors. His anti-immigrant agenda goes beyond mass deportations—he is also trying to cut constitutional rights like birthright citizenship and critical public benefits for U.S. citizen children. In the face of these devastating policies, our states must step into their power as the first line of defense in protecting our immigrant communities.

## SAFETY MARSHALLS NEEDED FOR NO KINGS RALLY

Looking for a way to contribute and make a difference in a meaningful way? This may be for you!

Safety Marshalls, or Peacekeepers, are an essential part of rally management. Peacekeepers offer essential skills such as crowd coordination, de-escalation techniques, and safety strategies. They work with, but are not a replacement for law enforcement. We are in need of an number of Peacekeepers for our upcoming No Kings rally on March 28. No experience is necessary, only a pair of watchful eyes are needed, and a training session such as the one below. Check it out, and see if it's for you!

## Training: Protest Safety 101/Marshal Training

Training includes:

Commitment to non-violence, the purpose of marshaling, planning for safety, peacekeeping positioning, how peacekeeping differs from other roles, de-escalation, and debriefing. For further info, scan the QR code below.
