

# Warranties

Learn about  
great protection  
for your roof

We protect what matters most™

# It's security, measured in decades

When you install a qualifying GAF Shingle, the basic *GAF Shingle & Accessory Limited Warranty* provides a Lifetime<sup>†</sup> Limited Warranty term for the Shingles. And when you install a qualifying GAF Shingle with at least 3 qualifying accessory products, you are automatically covered by the *GAF Roofing System Limited\* Warranty*, which also provides Lifetime<sup>†</sup> coverage for your qualifying accessory products! "Lifetime<sup>†</sup>" means as long as the original owner(s) [or the second owner(s) in certain circumstances] owns the single-family detached residence where the shingles and qualifying accessories are installed.

The Lifetime<sup>†</sup> warranty term also comes with 10 years of 100% coverage, during which GAF will provide any replacement GAF products necessary to repair your roof due to a manufacturing defect. GAF will also pay the reasonable cost to install them. \* This warranty is also transferable, once, to the next homeowner, for free.

With the *GAF Roofing System Limited\* Warranty*, after ten years, replacement materials and installation labor are pro-rated.

## Protect your home with our System Plus Limited Warranty!

When your GAF-certified contractor installs GAF Shingles and at least 3 qualifying accessory products, you may be eligible for the **System Plus Limited Warranty**, which increases the 100% coverage period against manufacturing defects from 10 years to 50 years. It also covers tear-off costs.

Warranty	Features	100% Coverage
GAF Roofing System Limited Warranty	Replacement materials + Installation labor	10 years 100% Coverage
 System Plus Limited Warranty	Replacement materials + Installation labor + Cost to tear off (If necessary)	50 years 100% Coverage

\*See GAF Shingle & Accessory Limited Warranty and GAF Roofing System Limited Warranty for complete coverage and restrictions. See [gaf.com/LRS](http://gaf.com/LRS) for a list of qualifying shingles and accessory products.

Beautify and protect for years to come

#### Attic Ventilation

Helps reduce attic moisture and heat

#### Ridge Cap Shingles

The finishing touch that helps defend against leaks at the hips and ridges

Visit [gaf.com/Lifetime](http://gaf.com/Lifetime)

The GAF Lifetime<sup>†</sup> Roofing System has earned the prestigious Good Housekeeping Seal (applicable in U.S. only).

<sup>†</sup> Lifetime refers to the length of warranty coverage provided and means as long as the original individual owner(s) of a single-family detached residence [or eligible second owner(s)] owns the property where the qualifying GAF products are installed. For other owners/structures, Lifetime coverage is not applicable. Lifetime coverage on shingles requires use of GAF Lifetime shingles only. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions. Lifetime coverage on shingles and accessories requires use of any GAF Lifetime Shingle and any 3 qualifying GAF accessories. See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. Visit [gaf.com/LRS](http://gaf.com/LRS) for qualifying GAF products.

# To be eligible for the System Plus Limited Warranty, you **MUST** fulfill these requirements:

1. Your roof must be installed by an eligible GAF-certified contractor.\*
2. If a new nail base–insulated deck system is being installed, you must install GAF ThermaCal® Ventilated Nail Base Roof Insulation (covered by the *ThermaCal® Nail Base Roof Insulation Panels Limited Warranty*).
3. You must install qualifying GAF Shingles *and one item from at least 3* of the following accessory product categories (visit [gaf.com/LRS](http://gaf.com/LRS) for eligible products):
  - (a) **GAF Roof Deck Protection**
  - (b) **GAF Leak Barrier** — Must be installed in valleys and around all penetrations. In areas prone to ice damming, an eligible Leak Barrier product is **strongly recommended** at all eaves to at least 24" (60.96 cm) inside of the warm wall.
  - (c) **GAF Starter Strip Shingles (only those with factory-applied adhesive)** — Must be installed at the eaves. **Note:** Your GAF LayerLock®-labeled Shingles will be covered up to the maximum wind speed **ONLY** if installed using **4 nails** per shingle **and** you have GAF Starter Strip Products installed at the eaves **and** rakes. All other GAF Shingles require use of **6 nails** per shingle **and** GAF Starter Strip Products installed at the eaves **and** rakes.
  - (d) **GAF Attic Ventilation Product** — Installed in a properly balanced attic ventilation system consisting of both intake and exhaust ventilation (visit [gaf.com/LRS](http://gaf.com/LRS) for eligible products).
  - (e) **GAF Ridge Cap Shingles** — **Note:** If cut-up GAF Strip Shingles are used instead of one of the eligible ridge cap shingles (visit [gaf.com/LRS](http://gaf.com/LRS) for eligible products), the warranty term and 100% coverage period for the cut-up strip shingles is the same as it would be if that shingle were used in the field of the roof. (For example, if Royal Sovereign® Shingles are cut up and used as your ridge cap, then the warranty term for those cut-up Royal Sovereign® Shingles is 25 years.) In addition, on roofs where Royal Sovereign® or Marquis WeatherMax® Shingles are installed, you may use cut-up Royal Sovereign® or Marquis WeatherMax® Shingles as the ridge cap, and they will qualify as one of the required accessories.
4. **For maximum weather protection, the use of GAF Master Flow™ Pivot™ Pipe Boot Flashing is highly recommended** (but not required) at all plumbing pipe vents. The Pivot™ Pipe Boot Flashing will be covered under the *System Plus Limited Warranty* but will not fulfill a required accessory product category.
5. **Registration Options** — In addition to the requirements listed above, **your Contractor must register and pay for your warranty within 45 days after installation. The warranty can be registered online via the GAF Partner Portal<sup>SM</sup> (visit [gafportal.gaf.com](http://gafportal.gaf.com)). If your Contractor has not registered your warranty within 45 days after installation, GAF reserves the right not to issue your *System Plus Limited Warranty*.**  
**Note:** Warranty coverage available only for GAF Products. There is no coverage for non-GAF materials used in the construction of your roofing system.
