

CURRICULUM VITAE

JAMES M. GALLOWAY, M.D., F.A.C.P.

Former Assistant United States Surgeon General
Rear Admiral (ret), U.S.P.H.S.

EDUCATION:

- 1976 - 1978 B.S., Chemistry, Virginia Commonwealth University, **High Honors**
- 1978 - 1982 M.D., Medical College of Virginia, **Alpha Omega Alpha**

POSTGRADUATE EDUCATION:

- 2011 - 2012 **Harvard Executive Leadership Program**
Health Care Management (CEO education)
- 1990 - 1993 Fellow, Section of Cardiology,
Division of Internal Medicine,
University of Arizona School of
Medicine, Tucson, Arizona
- 1985 Obstetrical training, Maricopa Medical Center, Phoenix, AZ
- 1982 – 1985 Residency (Primary Care Internal Medicine)
University of Vermont College of
Medicine, Medical Center Hospital of
Vermont, Burlington, Vermont

BOARD CERTIFIED:

- 1985 American Board of Internal Medicine in Internal Medicine
- 1994, 2004 American Board of Internal Medicine in Cardiology

EMPLOYMENT:

- 2017 - present **Chief Population Health Officer, Janus Choice**
An exciting entrepreneurial social enterprise, utilizing behavioral
economics, persuasive and exponential technologies to facilitate
smarter and faster hospital discharges and establishing strong and
agile post-acute care networks, leading in turn to better patient
experience and outcomes

James M. Galloway, M.D., F.A.C.P

- 2014 - present **Founder, President and CEO, ADMIRAL Innovations**
Provides leadership and consultation within the health reform evolution with a specific focus in the integration of business and public health as the edge for business, entrepreneurship and health.
- 2016 - 2018 **Vice Chairman and Vice President, Medo Foundation**
A unique nonprofit, started with the previous acting US Surgeon General, that provides professional education to improve the delivery of medical care, enhance patient care and safety, and educate physicians, nurses, physician assistants, pharmacists, and other front-line health professionals and providers.
- 2013 - 2014 **Director, The Office of Health System Collaboration, CDC**
Responsible for one of three of the main priorities for the US Centers for Disease Control and Prevention, providing leadership for CDC's public health and health care collaboration activities. Advised CDC leadership on public health and health care-related initiatives, challenges, opportunities, and research; developed and enhanced executive-level relationships and activities with key health care and business partners; and interpreted health care legislation and implications for health care industry and public health.
- 2007 - 2013 **US Health and Human Services Regional Health Administrator**
Championed optimal health and healthcare efforts as the senior federal public health physician, official and scientist in the upper Midwest region, covering 20% of the US population. Successful primary essential functions include prevention outreach, implementation, and assessment; emergency preparedness; ACA engagement; and the development of internal federal coordination and external collaboration on ACA related goals with states, Tribes and communities, including the medical, academic, business, non-profit and organizations. Provided leadership on numerous federal committees nationally with a focus on the integration of business and public health.
- 2007 - 2013 **Assistant US Surgeon General**
Spearheaded prevention efforts as the regional lead for the U.S. Public Health Service (PHS) Commissioned Corps and provided leadership to the nation in promoting special Departmental health initiatives, e.g., patient safety, hospital acquired infections, tobacco and HIV prevention efforts, in collaboration with business and other governmental and non- governmental entities.

James M. Galloway, M.D., F.A.C.P

PRIOR CONCOMITANT PRIMARY POSITIONS:

- 2011 - 2012 **Chairman, Federal Executive Committee (Federal Agency Heads)**
Chicago, representing 54,000 Federal employees in 178 agencies, serving approximately 9,200,000 people and assisting coordination of the international NATO meeting.
- 2010 - 2011 Acting **Regional Director of US Health and Human Services**
- 2010 **Senior Health Official for Operation Deepwater Horizon & HHS Secretary's Representative to the National Incident Command.**
Selected by White House to spearhead the federal government's health response to history's largest oil spill.
- 2007- 2010 **Senior Health Official for Pandemic Influenza and Bioterrorism**
United States Region C (covering 12 states)
- 2008 - 2009 Acting **Regional Director**, HHS RegionV

PREVIOUS POSITIONS:

- 1993 – 2007 **Founder & Director, The Native American Cardiology Program**
University of Arizona School of Medicine
- 1993 – 2007 **Sr. Indian Health Service Cardiologist and CV Prevention Lead**
- 1988– 1990 **Vice President, Medical Affairs (Clinical Director)**
Whiteriver PHS Hospital, White Mountain Apache Reservation
- 1985 – 1988 **Internal Medicine Physician & Chair, Emergency Medicine**
Hopi Public Health Hospital, Hopi Reservation, Arizona

BOARD MEMBERSHIPS

- 2017 - present AzCert, Inc.
- 2016 - 2018 Medo Foundation
- 2015 - 2018 Green Star Growing

MAJOR ACADEMIC POSITIONS:

- 2007 - present **Professor** (Adjunct), Feinberg School of Medicine, Departments of Prevention and Cardiology, Northwestern University

James M. Galloway, M.D., F.A.C.P

- 2004 - 2008 **Associate Professor**, Clinical Medicine, University of Arizona College of Medicine
- 2004 - 2008 **Associate Professor**, Public Health University of Arizona College of Public Health
- 2000 - 2004 **Assistant Professor**, Public Health, University of Arizona College of Public Health
- 1997 - 2000 **Clinical Assistant Professor**, Public Health, Arizona Prevention Center, The University of Arizona
- 1993 - 2004 **Assistant Professor** of Clinical Medicine, University of Arizona College of Medicine
- 1996 - 2000 Founder and **Director, The Center for Native American Health**, within the Arizona Prevention Center and the University of Arizona; a coalition among the Indian Health Service, Native American Tribes, and the University of Arizona.

Matson–Koffman D, Veazie M, **Galloway JM**, Labarther D, Brownstein JN, Emr M, Bolton E, Freund E, Fullwood R, Guyton– Krishnan JD, Hong, Y, Lebowitz MD, Ochaia E, Schoeberl M, Robertson RM. Abstract number 114769. APHA Conference, December, 2005.

Different Criteria for Identification of the Metabolic Syndrome in American Indians: The STRONG Heart Study. de Simone G, Devereux RB, Chinali M, Best LG, Lee ET, **Galloway JM**, Resnick HE. Submitted 2005, AHA Epi.

Diabetes vs Prior Disease as a Risk Factor for Coronary Artery Disease. Okin PM, Roman MJ, Devereux RB, Lee ET, **Galloway JM**, Howard BV (ADA, 2005, abstract no 730–P).

Coronary Heart Disease Risk Equivalence in Diabetes Depends on Concomitant Risk Factors Howard BV, Best LG, **Galloway JM**, Howard WJ, Jones K, Lee ET, Ratner RE, Resnick HE, Devereux RB. Presented at the Prevention of CVD and DM among American Indians and Alaska Natives Conference, Denver, 2005.

Repolarization Complexity is Increased in Left Ventricular Hypertrophy: The Strong Heart Study. Okin PM, Malik M, Hnatkova K, Lee ET, Galloway JM, Best LG, Howard BV, Devereux RB. JACC, Feb 21, 2006. p.26A. Abstract 992–125.

Cardiovascular Disease Mortality Among American Indians and Alaska Natives: A Multiple Cause Analysis. Veazie MA, McGhee DD, Pappalardo J, Cling A, **Galloway JM**. Presented International Indigenous People’s Health Conference, Vancouver, B.C., Canada, 2005.

Healthy People 2010 partnership for heart disease and stroke prevention: The disparities working group projects. Matson–Koffman D, Schoeberl M, Bolton E, Ochaia E, Fulwood R, **Galloway JM**, Emr M. Accepted and presented at the 133rd Annual APHA Meeting in New Orleans.

Healthy People 2010 Partnership for Heart Disease and Stroke Prevention. Ochaia E, Schoeberl M, **Galloway JM**, Fulwood R, Labarthe D, Scott P, Nilasena D. Presented at the Prevention of CVD and DM among American Indians and Alaska Natives Conference, Denver, 2005.

Clinical and Physiologic Correlates of the Myocardial Performance Index in a Large Population of American Indians. Mishra R, Kizer J, Palmieri V, Best LG, Lee ET, Howard BV, **Galloway JM**, Roman MJ (Submitted to AHA,2005)

Regional Patterns of Cardiac Procedure Use Following Acute Myocardial Infarction Among American Indians. Sequist T, Zaslavsky A, **Galloway JM**, Ayanian JZ. Presented at the Prevention of CVD and DM among American Indians and Alaska Natives Conference, Denver, 2005.

Coronary Heart Disease Risk Equivalence in Diabetes Depends on Concomitant Risk Factors Howard BV, Best LG, **Galloway JM**, Howard WJ, Jones K, Lee ET, Ratner RE, Resnick HE, Devereux RB. Presented at the Prevention of CVD and DM among American Indians and Alaska Natives Conference, Denver, 2005.

Examination of Lower Targets for LDL-C and Blood Pressure in Diabetes – The Stop Atherosclerosis in Native Diabetics Study (SANDS). Russell M, Wilson C, **Galloway JM**, Howard BV. Presented at the Navajo Nation Human Subjects Review Board Research Conference, 2005.

Taking the Initiative: Implementing the American Heart Association Guide for Improving Cardiovascular Health at the Community Level. The Healthy People 2010 Heart Disease and Stroke Partnership. Koffman DM, Veazie M, **Galloway JM**, Labarthe D, Brownstein JN, Emr M, Bolton E, Freund E, Fulwood R, Guyton–Krishnan J, Hong Y, Lebowitz M, Ochiai E, Schoeberl M, Robertson RM (submitted American Public Health Association, 2005).

Regional Patterns of Cardiac Procedure Use Following Acute Myocardial Infarction Among American Indians. Sequist T, Zaslavsky A, **Galloway JM**, Ayanian JZ. Presented Academy Health 2005 Annual Research Meeting and a poster presentation at SGM, 2005.

Diabetes vs Prior Disease as a Risk Factor for Coronary Artery Disease. Okin PM, Roman MJ, Devereux RB, Lee ET, **Galloway JM**, Howard BV. (ADA, 2005).

Russell M, Wilson C, **Galloway JM**, Howard BV Examination of Lower Targets for LDL-C and Blood Pressure in Diabetes – The Stop Atherosclerosis in Native Diabetics Study (SANDS). Presented at the Navajo Nation Human Subjects Review Board Research Conference, 2005.

Correlates of Mitral Valve Prolapse in Young American Indians. Mishra RK, Devereux RB, Roman MJ, **Galloway JM**, Best LG, Lee ET, Howard BV. (Submitted, 2005 AHA)

Healthy People 2010 Partnership for Heart Disease and Stroke Prevention: The Disparities Working Group Projects. Brownstein JN; Matson–Koffman D, Bolton E, Schoeberl M, Ochiai E, **Galloway J**, Fulwood R, Horner R. Submitted American Public Health Association, 2005.

Atlas of Heart Disease and Stroke among American Indians and Alaska Natives. Coolidge JN, Casper M, Denny CH, Williams I, **Galloway JM**, Cobb N. Preventive Medicine; 39:1; August, 2004.S5.

Albuminuria and Risk of Stroke in Diabetic Adults Free of Clinical Cardiovascular Disease: The STRONG Heart Study. Kizer JR, Wiebers DO, Whisnant JP, **Galloway JM**, Best LG, Lee ET, Howard BV. (Accepted and presented at the 2004 AHA)

Healthy People 2010 CVD Prevention Partnership for Heart Disease and Stroke: The Disparities Working Group. Brownstein JN; Matson–Koffman D, Boulton E, Schoeberl M, Ochiai E, **Galloway J**, Fulwood R, Grayshield F, Kelly J, Alvarado M, Guyton–Krishnan J, Horner R. Preventive Medicine; 39:1; August, 2004. S13.

Prevalence of Ischemic Heart Disease Among American Indians and Alaska Natives, United States, 2002. Burrows NR, Geiss L, **Galloway J**, Acton K. Preventive Medicine; 39:1; August, 2004. S17.

Healthy People 2010 CVD Prevention Partnership for Heart Disease and Stroke. Ochiai E, Schoeberl M, Bolton E, Robertson RM, Freund E, **Galloway JM**, Fulwood R, Morosco G, Guyton–Krishnan J, Labarthe D, Brownstein JN, Matson–Koffman D, Scott P, Emr M. Preventive Medicine; 39:1; August, 2004. S58.

Atlas of Heart Disease and Stroke among American Indians and Alaska Natives. Coolidge JN, Casper M, Denny CH, Williams I, **Galloway JM**, Cobb N. Presented at the IHS Research Conference, 2004.

Quantitative Assessment of Electrocardiographic Strain Predicts New Onset Congestive Heart Failure: The STRONG Heart Study. Okin PM, Roman MJ, Devereux RB, Lee ET, **Galloway JM**, Howard BV. Presented at AHA, 2004.

Does the use of Harmonic Imaging Increase the Yield of Echocardiographic Left Ventricular Mass Measurements on a Population Basis? The Strong Heart Study. Devereux RB, Chinali M, Lui J, Roman MJ, Best LG, **Galloway JM**, Lee ET, Howard BV. Journal of the American College of Cardiology, March 3, 2004; 342A.1112–149.

Atlas of Heart Disease and Stroke among American Indians and Alaska Natives. Coolidge JN, Casper M, Denny CH, Williams I, **Galloway JM**, Cobb N. Presented at the Second Annual CDC Conference on the Prevention of Heart Disease and Stroke, 2004.

Association of Prehypertension by Joint National Committee 7 Criteria with Left Ventricular Structure and Function: The Strong Heart Study; Lawrence Wright MB, Devereux R, Roman MJ, Chinali M, Best LG, **Galloway JM**, Fabsitz RR, Lee ET, Zhang Y, Howard B. Journal of the American College of Cardiology, March 3, 2004; 513A. 1142–183.

Excellence in quality of care indicators for Native American patients with Acute Myocardial Infarction. Brody EA, Malasky BR, Fruend NS, Koepke L, Painter B, Sanderson P, **Galloway JM**. Presented at the AHA 5th Scientific Forum on Quality of Care and Outcomes Research in CVD and Stroke. May 17th, 2004, Wash., DC.

Coronary Artery Bypass Grafting in Native Americans: Risk Factors and Outcomes. Malasky B, Sewell JL, Sethi G, Brody EA, **Galloway JM**. Presented at the AHA 5th Scientific Forum on Quality of Care and Outcomes Research in CVD and Stroke. May 17th, 2004, Wash., DC.

Association of Fat-Free Mass with Hypertension: The Strong Heart Study. Devereux RB, Chinali M, Liu JE, Roman MJ, Best LG, **Galloway JM**, Lee E, de Simone G, Howard, BV. 2003 Circulation 108(17).IV-631.

Elevated C-Reactive Protein and Electrocardiographic ST Depression Additively Predict Mortality: Strong Heart Study. Okin P, Best L, Roman MJ, Lee ET, **Galloway JM**, Howard BV. 2003 Circ 108(17). IV-747.

Longitudinal Change in Left Ventricular Geometry and Function in a Population with a High Prevalence of Diabetes and Obesity: The Strong Heart Study. Devereux RB, Chinali M, Liu JE, Roman MJ, Best LG, **Galloway JM**, Lee ET, Howard, BV. 2003 Circulation 108(17) IV-764.

Evolution of Left Ventricular Filling Pattern Among American Indians: The STRONG Heart Study. Felizen Agno, Jennifer Lui, Marcello Chinali, Dawn Fishman, Jonathan Bella, **James M. Galloway**, Elisa T Lee, Lyle Best, Richard Devereux. Journal of the American College of Cardiology, March 19, 2003; 1085A.

Left Atrial Size and Risk of Stroke in American Indians Free of Cardiovascular Disease. Jorge Kiser, David Weibers, Jack Whisnant, **James M. Galloway**, Thomas K Welty, Elisa T. Lee, Lyle Best, Mary Roman, Richard B Devereux. Journal of the American College of Cardiology, March 19, 2003. 459A.

Repolarization Complexity and Abnormality for Prediction of All-Cause and Cardiovascular Mortality: The STRONG Heart Study. Peter Okin, Marek Malik, Katerina Hnatkova, Richard Fabsitz, Elisa T Lee, **James M Galloway**, Barbara Howard, Richard Devereux. Journal of the American College of Cardiology, March 19, 2003; 108A.

Mitral Annular Calcification, Aortic Sclerosis, and Incident Stroke in American Indians Free of Clinical Cardiovascular Disease. Jorge Kiser, David Weibers, Jack Whisnant, **James M. Galloway**, Thomas K Welty, Elisa T. Lee, Lyle Best, Mary Roman, Richard B Devereux. Journal of the American College of Cardiology, March 19, 2003.510A.

Gender Differences in the Electrocardiogram and Fat Free Mass: The Strong Heart Study. Okin PM, Devereux RB, Fabsitz RR, Lee ET, **Galloway JM**, Howard BV Journal of the American College of Cardiology, 2002.

The White Mountain Apache Cardiovascular Stress Study. Pearson E, Harris R, **Galloway JM**. Presented at U of A COPH Forum, 2001.

Incidence of Acute Ischemic Heart Disease among Hopi Indians:1980–2000, Olson MA, Gale B, Primas P, **Galloway JM**. Presented at U of A COPH Forum, 2001

Excessive Time–To–Treatment Delay in Native American Patients with Acute Myocardial Infarction. Brody EA, Sewell JL, Malasky BR, Koepke L, Painter B, Morez P, **Galloway JM**. Presented at the 2001 American Heart Association Scientific Sessions. Circulation 2001; 104:II–779.

Electrocardiographic Prediction of Mortality in Diabetics: The Strong Heart Study. Okin PM, Devereux RB, Fabsitz RR, Lee ET, **Galloway JM**, Howard BV. Presented at the 2001 American Heart Association. Circulation 2001;104:17;II–832.

Combined QRS Area and ST Depression Criteria for Prediction of All–Cause and Cardiovascular Mortality: The Strong Heart Study. OkinPM, Devereux RB, Fabsitz RR, Lee ET, **Galloway JM**, Howard BV. Presented at the 2001 American Heart Association. Circulation 2001; 104: II–825.

The Combination of Echocardiographic and Electrocardiographic Criteria Improve Prediction of Mortality: The Strong Heart Study. Okin PM, Devereux RB, Roman MJ, Fabsitz RR, Lee ET, **Galloway JM**, Howard BV. Presented at the 2001 American Heart Association. Circulation 2001; 104:II–825.

Cardiovascular Disease Risk Reduction in the Elderly. Burden RW, Kumar R, Phillips D, Borrego M, **Galloway JM**. Presented at the IHS Research Conf, 2001

Diabetes and Coronary Artery Disease Among Native American Women Beth R. Malasky, Justin L. Sewell, Gulshan Sethi, Eric A. Brody, **James M. Galloway**. Presentation at the 2001 Western Regional Meetings in Carmel, California 2001.

Is Coronary Artery Bypass Grafting Safe in Native Americans? Beth R. Malasky, Justin L. Sewell, Gulshan Sethi, Eric A. Brody, **James M. Galloway**. Presentation at the Western Regional Meetings in Carmel, California, 2001.

Relation of Left Ventricular Diastolic Relaxation to Cardiovascular Risk Factors in a population–Based Sample: The Strong Heart Study. Municino A, Howard BV, Liu JE, , Palmieri V, Bella J, Roman MJ, Lee ET, **Galloway JM**, Fabsitz RR, Devereux RB. Presented at the 2001 American College of Cardiology Annual Session.

Quantitative Assessment of Electrocardiographic Strain Predicts Increased Left Ventricular Mass: The Strong Heart Study; Peter M. Okin, Richard B. Devereux, Richard R. Fabsitz, Elisa T. Lee, **James M. Galloway**, Barbara V. Howard. Presented at the 2001 American College of Cardiology Annual Session.

Relationship of Principal Component Analysis of the T–Wave to Left Ventricular

Hypertrophy: The Strong Heart Study; Peter M. Okin, Richard B. Devereux, Richard R. Fabsitz, Elisa T. Lee, **James M. Galloway**, Barbara V. Howard Presented at the 2001 American College of Cardiology Annual Session.

Association of Insulin Resistance with Markers of Preclinical Heart Disease: The Strong Heart Study; Giovanni de Simone, Vittorio Palmieri, Elisa T Lee, Aldo Celentano, **James M Galloway**, Francop Contaldo, Barbara Howard. 2000 Circ.;102:18.II-835.

Principal Component Analysis of T-wave Improves Prediction of Cardiovascular Mortality in Men and Women as compared with QT Dispersion: The Strong Heart Study Peter M. Okin, Richard Fabsitz, Eliza T. Lee, **James M. Galloway**, Barbara V. Howard. Presented at the 2000 American Heart Association; Circ;102:18.II-492.

Marked Delay in Presentation of Native American Patients with Acute Myocardial Infarction. Eric A. Brody, Sewell J, Laura Koepke, Betsy Painter, Phyllis Morez **James M. Galloway**. JACC 2000; 35; 380A; Presented at the American College of Cardiology 49th Annual Scientific Session.

Cardiovascular Disease Incidence, Trends and Multiple Cardiovascular Risk Factors in American Indians: The Strong Heart Study. NE Meltzer, YD Roubideaux, **JM Galloway**. Presented at the University of Arizona Public Health Conference, 2000

Prevalence of Cardiovascular Risk Factors in a Young Adult White Mountain Apache Population. Gedney GL, Brody EA, Roubideaux Y, Yost D, Pacheco EA, Masden B, **Galloway JM**. The Native American Cardiology Program, University of Arizona, Presented at the Arizona Affiliate American College of Cardiology, 2000

The Changing Incidence of Coronary Artery Disease in Native Americans: The White Mountain Apache Heart Study. Gerber T, Krakoff J, Brody E, Adair V, Pacheco E, Yost D, **Galloway J**. Presented at the Indian Health Service Research Conference, Albuquerque, April, 1999

Lp(a) and its role in Coronary Artery Disease in Native Americans. Gormally J, Meltzer N, Brody E, Koepke L, **Galloway J**. 1998 Presented at the HIS Research Conf

Homocysteine levels and CAD in Native Americans. Meltzer N, Gormally J, Koepke L, Brody E, **Galloway J**. Presented at the Indian Health Service Research Conference, May, 1998

Does Exclusion of Atrial Thrombus by Transesophageal Echocardiography Preclude Embolism after Cardioversion? A Multicenter Study; Black IW, Fatkin D, Sagar KB, Leung DY, **Galloway JM**, Feneley MP, Walsh WF, Grimm RA, Klein A. Circulation, 88A:4(2), I-314, .1670. October, 1993.

LETTERS:

Correspondence: Black IW, Fatkin D, Sagar KB, Leung DY, **Galloway JM**, Feneley MP, Walsh WF, Grimm RA, Klein A. *Circulation*, Vol 90, No 6, 3120 – 3121. December, 1994.

PRIOR RESEARCH ACTIVITIES:

Co–investigator, The STRONG Heart Study:

A NHLBI–sponsored longitudinal study of the incidence and prevalence of cardiovascular disease and its risk factors among Indian people involving 13 Tribes in four centers.

Co–investigator, The SANDS Study (Stop Atherosclerosis in Native Diabetics): a multi–center trial of aggressive LDL and blood pressure lowering in Native American diabetics.

Primary Investigator, Navajo Center, The SANDS Study (Stop Atherosclerosis in Native Diabetics): a multi–center trial of aggressive LDL and blood pressure lowering in Native American diabetics.

Primary Investigator, The Hopi Heart Study: An analysis of the incidence and Prevalence of ischemic cardiovascular disease among this Native American tribe over the past decade.

Primary Investigator, The White Mountain Apache Heart Study: An analysis of the incidence and prevalence of the dramatic increase in ischemic cardiovascular disease among this Native American tribe over the past decade.

Primary Investigator: The White Mountain Apache Stress Study:

An evaluation of the effectiveness of exercise stress testing in asymptomatic but high risk diabetic Native American patients

A Multiple Risk Factor Analysis in Native Americans with Diabetes and CVD:
Performed with the Strong Heart Study

Trends in the Incidence of Cardiovascular Disease: The Strong Heart Study

Stroke Incidence and Mortality among Native Americans

Separate evaluations performed with Centers for Disease Control, Indian Health Service Epidemiology Program and the Strong Heart Study.
