Beauty and Versatility at the Touch of a Button!

Enjoy your mornings and sunsets on your patio, deck, lanai, or veranda to the fullest without the hassle or worry of keeping out unwanted bugs. At the press of a button the Universal MotionScreen smoothly and silently glides down into place transforming your outdoor living space into a fresh, ventilated pest-free environment. You and your family will completely enjoy all of the amenities of your home day or night, anytime you desire.

The Universal MotionScreen is custom manufactured to fit most standard and over-sized applications. We offer 7 standard colors designed to blend stylishly with the decor of your home and also have the ability to custom match colors. There are also a variety of meshes available that offer solar protection, privacy, and full ventilation. With a touch of a button the Universal MotionScreen is there when you need it, and gone when you don't.

Screen Mesh Types:

Universal MotionScreens offer a variety of screening and shading options to enhance your home's unique features and suit your needs.

- SuperScreen Insect Mesh: Reduces up to 35% of UV rays and is tear and puncture resistant.
- Solar Screen Mesh: Blocks out 85-95% of the sun's heat, glare, and UV rays.
- Privacy Material: A complete block-out material that provides up to 100% blockage of UV rays. Ideal for home theater rooms.
