

Every Ribbon Makes A Difference

Brought to you by iCure

ICH

What is it?

- This internship allows for you to work in a team setting in gaining knowledge about breast cancer and also give you the leadership skills of spreading awareness about the disease.
- Focus on educating the public through videos, articles, flyers, presentations, and events to help you community prosper by teaching them how breast cancer can be prevented (evidence-based) and how breast cancer can be detected
- Duration: 3 weeks | 1 week is spent onboarding
- Time Commitment: ~8-10 hours a week
- **Community service hours are also rewarded for the internship**
- **Location: Remote**
- **Date: July 2nd 2021 - July 23rd 2021**
