

Mainly to media, politics, and religion:

**Just Be Helpful,
Not Secretly Selfish,
\$♥ to Save the World.* ♥\$**

***Put those 10 words above and that footnote below
on all your screens and in all you say and do.***

*** This is to increase everyone's prosperity & enjoyment
infinitely faster than is now occurring. Including yours.**

**EVERYONE: Share and post this note all you can
to inspire media, politics, and religion to do that.**

The <1% of human behavior that is selfish causes
& perpetuates >99% of human bother & suffering.
Verifiable evidence, details, & tools. Totally free.

This project is based on everyone's vast verifiable firsthand evidence that they create by far the greatest value for themselves and the economy by simply helping others the most they feel they can.

Helpfulness = Limiting bother and / or increasing enjoyment overall.
Selfishness = Self-help that does not care if it hurts others and everyone's value. Like 1 drop of benzene poisons >2000 gals. of water.

WITHOUT putting helpfulness over selfishness, selfishness has poisoned media, politics, religion, and EVERYONE in 1000s of GASLIGHTING WAYS that HURT EVERYONE. SO AVOID & RESTRAIN PEOPLE WHO DO NOT PUT HELPFULNESS FIRST.
