

This project is just starting.

And it is based on what I propose is **The World's Most Comprehensive, Relevant, and thus Most Self-Helpful Context™** - Which is comprised of what I also propose are the **"First Principles" of Value Creation & Peace-&Prosperity-Maximization™** (next part below).

All of this is **totally free, non-partisan**, and I hope it is **more immediately mutually helpful and rewarding, overall**, (for the world *and* your personal and work relationships and interactions) **than anything you've ever read or will read**, if I've done and do my job right. Please tell me if it ever seems **it may not** be all that. **Or cannot** become all that. I am creating this project by myself, incorporating many others' vital insights – **thank you!** So please **give me your insights!** There is always **room for improvement.**

I am not with any group, and to keep it simple, I will only accept money through GoFundMe, details in the footer, **for which, thank you!**

A handwritten signature in black ink that reads "Tim". The signature is fluid and cursive, with a long horizontal stroke at the end.

Tim Mossman

Tap **"Next ►"** below for the next bit of this part, then scroll up a little, sorry for that kink.

Helpfulness Above All™ is a sole proprietorship which I aspire to make into a totally free, super frugal, fully transparent, fully crowd-sourced, “profit for all” world’s most universally helpful media platform. A link to my accounting is in the footer below, always available for CPA audit. GoFundMe ≥\$10 helps me develop my always-in-process Free Online Guide™, link below, and gets you my free always-in-development Most Mutually Helpful Dialogs™ app a month before everyone else. And all of this is just my observation. Follow at your own risk. See my legal disclaimer below.

And finally here I should note that I am just this project’s architect. And as such, I plan to try to “workshop” its language in amateur “open mic” venues, in which I also hope to inspire people far more skilled than I am to post, share, and promote all of this – “connectors,” “mavens,” and “inspirers,” including the media, leaders, and the influencers whose usernames I post above.

And that can include YOU, as this can be YOUR DIY SUPERHERO HELP SAVE-THE-WORLD KIT,

**IN THE EASIEST, FASTEST WAY POSSIBLE
STARTING RIGHT HERE, RIGHT NOW,**

super scalable for you to help lead the world in accelerating by far the most powerful, profitable common sense thing *that everyone already does nonstop, but don't yet NEARLY fully realize it or fully capitalize on it.*

Thank you x infinity for your help!

*** 1 drop of benzene can poison 2500 gallons of clean water.**
