

This project is to help humanity mature from being

**me-oriented,
divisive, and
domination-
seeking,
to INFINITELY**

greater universal

value-creating and sharing.

From being:

selfish ⇒ into being ⇒ **helpful**

**impatient,
shortsighted** ⇒ into being ⇒ **patient and
visionary**

**authoritarian, 1 person domi-
nating power
manipulating
others, not
bound by law** ⇒ into being ⇒ **citizens' self-
rule, electing
representatives,
sharing power
checks / balances
rule-of-law-driven**

**relatively few
rich people's
unlimited
profiteering** ⇒ into ⇒ **everyone's peace
& prosperity,
ever growing,
including
for the rich**

I propose the most vivid evidence of that maturation is that in just the past 45 years, as a world, we have cut extreme poverty by 50%+, due mostly to the supreme value-creation of representative democracies mutually-helpfully building and sharing their wealth through commerce and aid.

- Which has helped MOST of those millions of formerly desperately impoverished, starving people GET ON THEIR FEET to START CONTRIBUTING PRICELESSLY TO THEIR LOCAL AND OUR GLOBAL ECONOMY.

And for you, like the vast majority of people who live in representative democracies, to be so generally UNWARE of THAT STUNNINGLY INSPIRING REALITY, is evidence that representative democracies are not all-wise or perfect. They are messy as heck. Look at the U.S. now.

And this is NOT to demonize you, China, Russia, India, Turkey, Brazil, Hungary, and other countries led by authoritarians or are leaning that way. You are ALL still INFINITELY HELPFUL PEOPLE. But a big part of this project's purpose is to help you inspire your authoritarianistic leaders to capitalize infinitely MORE on HOW your countries GOT as GREAT as THEY ARE, in order to help make them INFINITELY GREATER FOR BOTH THEM AND YOU: THROUGH YOUR GREAT MUTUAL HELP TO EACH OTHER and THE WORLD.

Tap "Next ►" below for the third and last bit of this part.

So in the simplest terms, I propose **TO DO THAT INFINITELY BETTER, AS ALL GOOD PARENTS TEACH THEIR TODDLERS, YOUR LEADERS NEED TO LEARN TO SHARE MUCH BETTER WITH OTHERS. MUCH BETTER WITH YOU, THEIR PEOPLE.**

- I.e. share their power with YOU, through representative democracy.

And **THEY and EVERYONE else there and in the WORLD WILL BE INFINITELY RICHER and HAPPIER overall.**

And to get through that painful growing process with as little pain and as much success as possible, I propose that **you just have one most mutually helpful dialog™ at a time**, using my Free Online Guide™, link below. And sometimes that can seem impossible. **So if you or they would like me to help lead you / them through those dialogs, please let me know. I would love to.**

Thank you!
