

Help Above All.

**Everyone,**

**I am a Longhorn grad, UTEID trm97. I am developing this prototype of this plan to first distribute at UT and in Austin to prepare to launch it.**

**I propose this plan could give the most people who interact with UT, and everyone in Austin and elsewhere too, their best chance to help manifest UT's words,**

**WHAT STARTS HERE  
CHANGES THE WORLD**

**in biggest way possible.**

**So please take a few minutes to check this out and share it all you can, to give us the most input possible. Online are instructions to promote this to nonprofits, govt. entities, media, influencers, public figures, etc.**

**Give us your own ideas, questions, etc. on the website contact form.**

**And if you want, help fund this plan, we need all the help we can get;**

**but donations are not yet tax-deductible, we are just getting started**

**with this plan. Just let me know online if you want to donate.**

**Our initial dream is for this plan to "go global" just from this prototype.**

**"It is not rocket science." It is stunningly simple. I thank you for**

**your interest and whatever help you can afford. Sincerely,**

**Tim Mossman / [Helpaboveall.org](http://Helpaboveall.org)**

*512.554.4108 Text, call, iv. msg.*
