LIFT-A-THON FUNDRAISER

How Are Collections Calculated And Made?

On the pledge sheet, the actual maximum bench press lifted and a coach's signature will be present. After the lift-a-thon bench press test, the participants will contact their sponsors promptly for collection. The collection formula is: 1 Rep Max Bench Press Lbs. X Total Cents Pledged = Amount Collected. After the football player collects the pledge money, ask the sponsor to sign his or her name as verification of collection. Any difficulty in collecting a pledge from a sponsor should be avoided and do not push the issue. All personal checks should be made payable to the Eagle Football Boosters. All pledge money collected and pledge sheets are to be turned into the NCHS football staff by Friday, July 28th.

SOARING HIGH ON WINGS LIKE EAGLES!
