Product Bulletin

Promix LCD Hydraulic Pump Selection Jumpers 190403-1

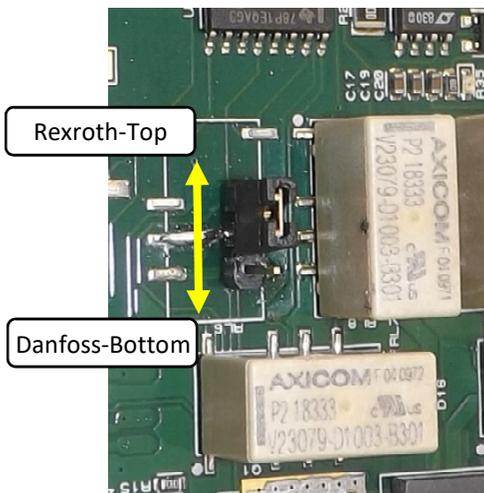

Bulletin Date:	03/04/19
Hardware Topic :	Changes to Promix LCD Main PCB
Hardware Details:	Jumpers added for Electronic Hydraulic Pump Selection

Electronic Hydraulic Pump Selection must now be made with both the on-screen menu and two physical jumpers on the PCB.

See picture to the left for jumper locations.

IMPORTANT! REMOVE SYSTEM POWER BEFORE CHANGING JUMPERS.

For Rexroth, both jumpers must be in the TOP position.

For Danfoss, both jumpers must be in the BOTTOM position.

Please see picture to the left for clarification of TOP and BOTTOM.

Factory default settings are Danfoss

IMPORTANT! NO OTHER JUMPER POSITION COMBINATIONS ARE ALLOWED.
