To Whom It May Concern:

It is with great pleasure that I recommend Tyra Hodge for an assistant principal position at your campus.

I have been Mrs. Hodge's supervisor for over a year. Under my supervision, Tyra has shined as a leader on campus. She has always displayed a high degree of integrity, responsibility, and ambition. She is a driven individual and always strives to better herself for her students and campus. She has excelled as our campus Behavior Support Teacher and has worked to ensure all stakeholders on campus know and understand her students. She has completely changed our school culture for our students with challenging behaviors. Through her diligent work, she has educated our staff which has created an environment of acceptance. Her students have grown tremendously in both their academics and social skills. She has made our BSS unit a success because of her passion and love for her students.

Mrs. Hodge is also task orientated. Once she commits to a task she follows through. She meets all deadlines and clearly understands the federal laws and guidelines for special education. She is meticulous with her paperwork and communicates professionally on a regular basis with parents. She is always willing to go the extra mile to support all stakeholders at Gardens Elementary. I can honestly say she is one of my most dependable staff members and that her judgement and mature outlook ensure a logical and practical approach.

Tyra Hodge would be an excellent asset to any organization, and I am happy to give her my wholehearted endorsement.

Sincerely,

Lindsey Lesniewski

Principal, Gardens Elementary
