

July 16,2018

To Whom it May Concern:

Nadine Henderson worked for Comfort Keepers of Niceville, Florida as a Home Health Aide from February 2017 to July 2018.

Nadine has proven to be once of most reliable, caring and trusted caregivers. Our clients all love her and ask to have her back to their homes. Our office staff have all appreciated Nadine's reliability and communication in managing any challenges or schedule changes.

Nadine completed all required training in a timely manner and was always good at making sure required paperwork was completed timely and accurately.

We have been proud to have Nadine represent our agency, and she will certainly be missed.

I highly recommend Nadine for any similar type of position. She has many skills that would transfer to other types of work.

I will be glad to visit with anyone personally to discuss her job duties and performance.

Sincerely,

Bruce Brown
General Manager
