Pawsitive Training Zone Club Notice to Exhibitors

Competitors, through submission of entry, acknowledge that they are knowledgeable of UKC Nosework and Competition rules and regulations and the Pawsitive Training Zone Club event rules including but not limited to the following rules regarding entry:

We at Pawsitive Training Zone Club believe that all dogs should be allowed to rest and recover between searches, that handlers need some down time, and that NO dog-to-dog interaction is helpful. For this reason, all dogs will be crated in a closed (preferably covered) crate or in the owner's vehicle.

All dogs will remain crated in a closed crate or in the handler's vehicle unless the dog is being pottied or had been called to the line to search. If a dog is removed from the crate or vehicle for other reasons, or if the crate is opened and allows the dog to stick its head out of the crate for an extended time, the handler will be reminded once of this rule. If another reminder is required or if the dog causes any concern for the safety of others, the team will be excused from the trial facility and grounds – without refund, and the event will be reported to UKC.

- All exhibitors are expected to treat the judges, trial hosts and volunteers, canine partners and all other exhibitors with respect.
- All judges and trial hosts are expected to show respect to all exhibitors.
- Good sportsmanship and respectful language is expected to those wishing to remain on the trial grounds and participate in the trial.
- Collars and Harnesses: The dog may wear flat collars, limited slip, martingale type collars and harnesses. Studded, pinch or prong collars, or any type of special training collar (such as electronic collars) are prohibited in the nosework working area. Collars and/or harnesses must properly fit the dog and be approved by the official. Collar tags that are not attached or riveted directly to the collar, or any items hanging from the collar are prohibited in the nosework working area.
- Electronic training collars are not allowed on show grounds.
- Safety shall always be of foremost consideration in actions and conduct by handlers at all times.
- Handlers, through entry at this point, accept full responsibility for themselves and the actions of their dogs.
- Owners with disabilities are encouraged to compete. Any necessary modifications to the exercises must be provided by

the handler to the judge and approved by the judge.

In addition:

- The organizing committee may refuse any entry for any reason.
- THERE SHALL BE NO REFUND for entries in the event a dog and/or handler is dismissed from competition, regardless of reason for such dismissal.
- Potential reasons for dismissal may include blatant disregard of the venue or facility rules, unsportsmanlike conduct and more.
- Move Ups are allowed; requirements are defined on Page 3.
- There will be no refunds if the trial has to be cancelled for any reason.
- Returned Checks do not constitute a valid entry. There will be a \$35 service charge for returned checks. Payment of entry fees and service charges shall be made by money order within 7 days of the notice to the exhibitor of the returned check. Any fees not received within 7 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible.
- All competitors through entry at this event waive any and all rights relative to video broadcast of this event. If you have your performance videoed for your own benefits, do NOT post it to social media until after the event is completed.
- Dogs must be on a 6 foot leash while on the show grounds unless being shown. No flexi-leads.
- Please pick up after your dog and yourself; an area will be designated for your dog's potty.
- Dogs and handlers must stay in the designated waiting area or with other competitor vehicles to avoid contaminating test areas, interrupting tests.
- If a dog has been exhibited, the dog must return to crate and/or vehicle and the exhibitor may quietly observe remaining entrants when allowed.
- Due to the nature of this event, no more than "passed" or "missed" may be given to other exhibitors, until after the class has been completed and qualifiers recognized. Competitors and spectators are not to discuss the hide placement or any details of a dog's performance which may provide information or clues to other handlers. No drugs or alcohol are permitted on trial grounds.
