DEFENDER II

ABOUT THE TAILORING PROGRAM

Precision-Tailored for Unmatched Capability

Discover ultimate personalization with ECD Automotive Design's bespoke Defender II. Handcrafted with precision, this vehicle is tailored to your specifications, marrying luxury with power and rugged capability. ECD integrates premium Chelsea Truck Company, Kahn Design, and Miltek components to elevate performance and appearance, delivering a truly unique adventure vehicle built with exceptional craftsmanship.

A dark-colored Land Rover Defender is parked on a paved street. The vehicle is shown from a rear three-quarter view, highlighting its iconic boxy design, roof rails, and a spare tire mounted on the back. The background features a modern building with large windows and some greenery. The image is dimmed to serve as a backdrop for text.

STEP ONE BASE VEHICLE

The Perfect Starting Point for Your Adventure

Embark on your travels with a reliable and capable base vehicle, offering the ideal foundation to bring your vision to life. Designed for flexibility and adventure, it's the perfect starting point to create a truly personalized and striking vehicle that's tailored to your unique style and needs.

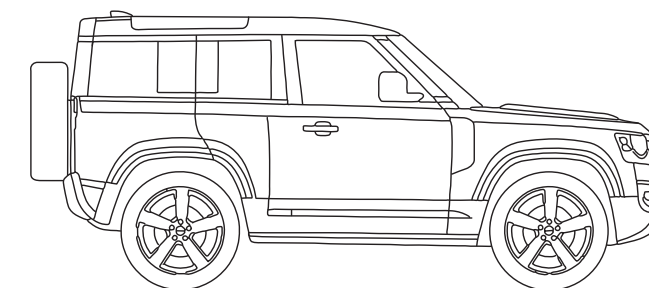

STEP 1

- BODY STYLE

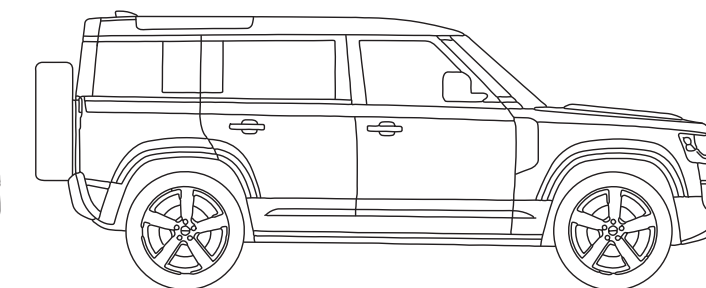

Choose your body style

The defining decision that sets the purpose of your Defender II. Opt for the D90 for effortless weekend escapes and refined daily driving, perfect for couples who demand style and agility. The D110 is the ideal family companion, balancing everyday practicality with the capability for weekend adventures. For larger families who want uncompromised comfort and versatility, the D130 adds a dedicated third row to deliver the ultimate daily driver and weekend warrior. Each wheelbase is a superb canvas for personalization — tailor your Defender II to how you live, travel, and explore.

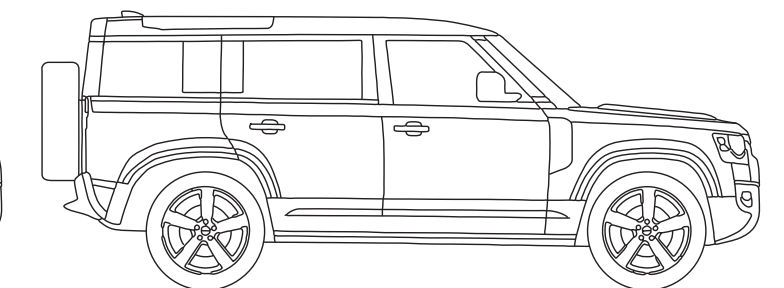

D90

D110

D130

STEP 1

- ENGINE OPTIONS

Choose your engine.

2.0L Turbo - 296 HP

3.0L Turbo - 395 HP

5.0L Supercharged V8 - 518 HP

The Defender II offers three exceptional powertrains to match every driving preference — from refined efficiency to unapologetic performance. Opt for the 2.0L turbo (296 BHP) for economical, polished everyday driving; the 3.0L turbo (395 BHP) as the consummate all-rounder, marrying spirited responsiveness with composure; or the 5.0L supercharged V8 (518 BHP) for visceral, uncompromising performance. Each engine is engineered to complement ECD's bespoke builds, so you can tailor the character of your Defender II to exactly how you drive.

STEP 1

- BODY COLOR

Choose your body color.

Your Defender II can be finished in nearly every Land Rover colorway. Our kits and installations are crafted to complement and elevate the original design while minimizing any impact on your new vehicle’s factory warranty. Through our extensive dealer network, we’ll locate the exact vehicle and specification you want and tailor it precisely to your vision. Please review the list below for available color options (as of August 2025).

THE START OF THE ADVENTURE

No Limits. Just Possibilities

Flexible ownership and personalization options from ECD. Whether you begin with a brand-new or pre-owned Defender II purchased through ECD, or you choose to refine a Defender you already own, our specialist team will create a bespoke build tailored to your exact specifications.

Backed by strong partnerships with local Land Rover groups, ECD secures competitive pricing and facilitates concierge-level aftercare — service, maintenance, and ongoing customization — ensuring a seamless, premium ownership experience and complete peace of mind.

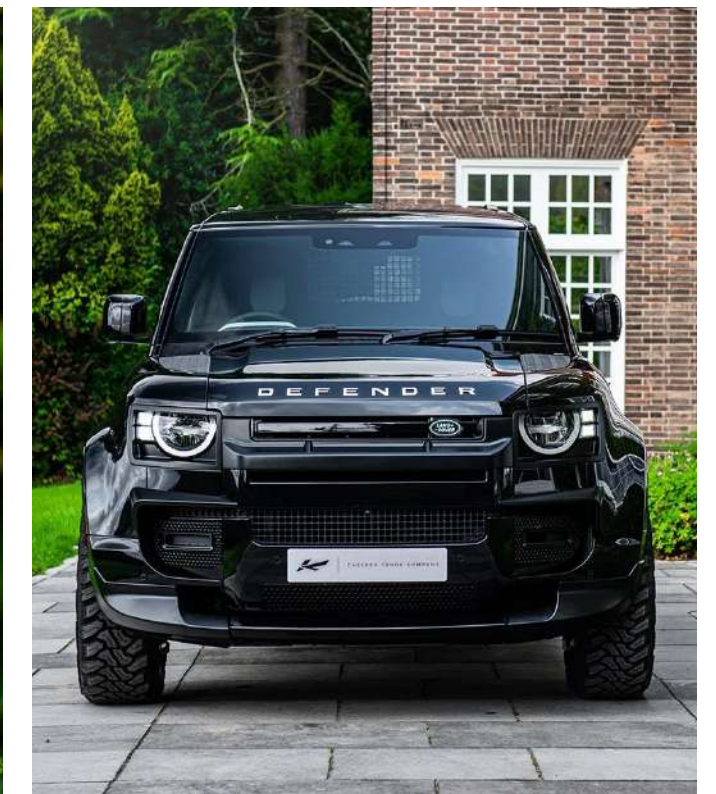

STEP 2

- EXTERIOR OPTIONS

Series 1 - Landmark Kit

Fitment - 90/110/130

Elevate the aesthetics of your Land Rover Defender with the Landmark Package by CTC, meticulously crafted to enhance the vehicle's robust character. This comprehensive body kit is constructed from OEM-grade ABS components, ensuring durability and a perfect fit.

STEP 2

- EXTERIOR OPTIONS

Series 2 - Wide Track + Landmark Kit

Fitment - 90/110

Introducing the evolution of our original Wide Track Defender, a bespoke transformation that elevates the Land Rover Defender into a statement of unparalleled road presence and commanding style.

STEP 3

- WHEEL OPTIONS

RS Light - Satin Black

10 x 22" Satin Black alloy wheels for both front and rear provide a modern look.

RS Light - Hyper Silver

These wheels, measuring 10 x 22" for both front and rear, display a sophisticated Hyper Silver finish.

Type 52 - Satin Black

These wheels, measuring 10 x 22" for both front and rear, radiate sophistication with their Satin Black finish.

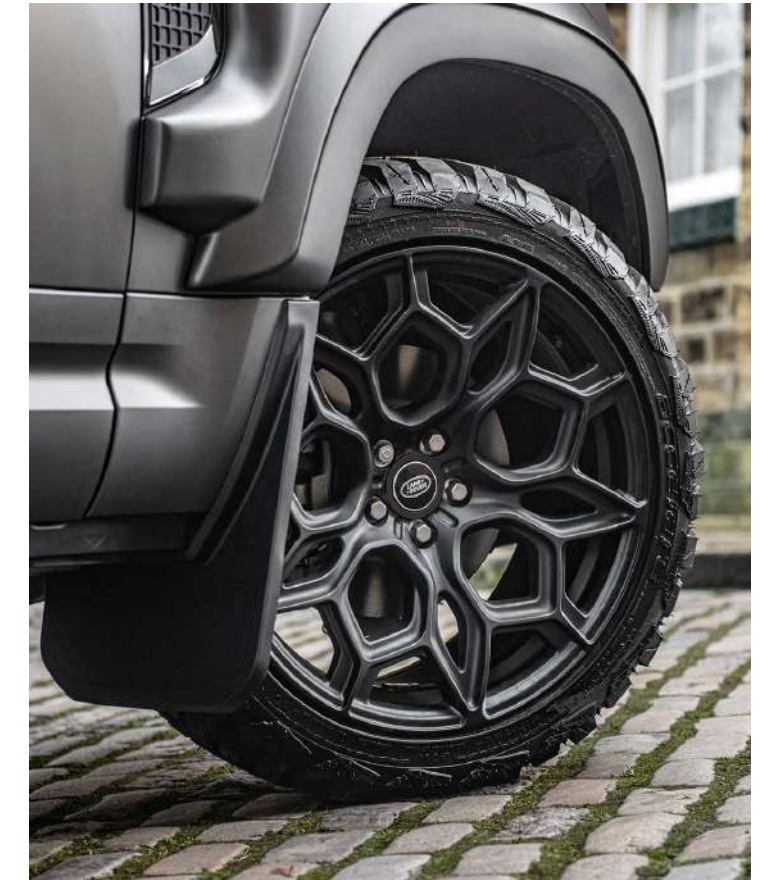

Mondial Retro - Satin Black

These wheels, boasting dimensions of 9.5 x 22" for both front and rear with their Satin Black finish.

Mondial Retro - Silver

These 9.5 x 22" wheels, suitable for both front and rear, are adorned with a sophisticated Silver finish.

Type 57 RS Black

These wheels, measuring 10 x 22" for both front and rear, are showcased in a sleek Matte Black finish.

STEP 3 - TIRE OPTIONS

Tires matter as much as wheels

Choose the rubber that defines how your Defender II performs. Select the legendary BFGoodrich Trail-Terrain for dependable, all-season capability on and off road, or opt for the Pirelli Scorpion Zero All Season for crisp, pavement-focused performance and refined road manners. Whichever you choose, we'll help match the tire to your driving style and terrain to deliver optimal handling, comfort, and confidence.

STEP 4

- INTERIOR CHOICES

Tailored Luxury Comfort

Elevate your driving experience with our bespoke Comfort Leather Interior, featuring an innovative 3D modular design available in four commanding Volcanic color choices: Orange, Black, Red or Blue. Additionally, we offer a selection of custom colors, all meticulously hand-stitched in-house upon request, allowing you to further personalize your interior with unmatched craftsmanship and attention to detail.

Crafted from the finest high-quality leather, this interior seamlessly blends unparalleled comfort with refined sophistication. Its sleek, modern design offers a personalized aesthetic that reflects your individuality, transforming every journey into a luxurious and memorable experience.

Volcanic Black

Volcanic Red

Volcanic Blue

STEP 5

- EXHAUST OPTIONS

Select Your Performance and Acoustic Experience

Transform the rear aesthetic of your Defender with our premium exhaust systems — engineered to sharpen driving dynamics and craft a signature soundtrack: choose ECE-approved resonated units for a refined, regulation-compliant tone, or non-resonated variants for an untamed, attention-grabbing roar that unlock every engine's potential. V8 models add a remote-controlled valved option to switch instantly between a commanding performance note and a discreet, quiet start, so whatever your drive, our tailored exhausts deliver performance and sound on your terms.

INTERIOR

OPTIONAL EXTRAS

STEP 6

- INTERIOR OPTIONS

Milltek Valve Control

Active valve control for the Milltek V8 Black Coated Special Edition puts total command of your V8's soundtrack at your fingertips—silence it for discreet cold starts and refined cruising, or unleash a thunderous, untamed roar for open-road exhilaration, all with the press of a button.

STEP 6

- INTERIOR OPTIONS

Interior Leather Options

Meticulously crafted to complement every plane of the Defender's cabin, this interior environment package elevates the upper dash, centre console and lower trim with seamless, OEM-plus fitment, premium materials and precision finishes that enhance ergonomics and atmosphere. The result: a cohesive, luxurious interior that feels factory-integrated yet unmistakably bespoke.

STEP 6

- INTERIOR OPTIONS

Land Rover Defender Chelsea Truck Company Full Carbon Steering Wheel

Exclusively tailored for the Land Rover Defender, this intricately crafted carbon-fiber masterpiece marries sophisticated design with race-grade durability. Custom-contoured for enhanced grip and driver control, it integrates essential buttons seamlessly for intuitive operation and an OEM+ fit and finish, while prioritizing lightness and long-lasting resilience. Available with or without discreet CTC branding to suit your style.

Land Rover Defender Full Carbon Steering Wheel

Crafted with the same precision and design, this steering wheel offers a clean, logo-free finish for a refined look.

STEP 6 - INTERIOR OPTIONS

Vented Auto Foot Pedals

Machined aluminium upgrades for the Land Rover Defender 2, precision CNC-machined from lightweight, corrosion-resistant aluminum with a vented profile for superior grip and tactile feedback; finished in a satin machine look that bolts on seamlessly to elevate cockpit aesthetics and driving confidence.

STEP 6 - INTERIOR OPTIONS

Dash end trims Gloss Black

Rediscover your Land Rover Defender 2 with our premium Dashboard End Finishing Trim, elevating your interior with a refined, polished touch that enhances elegance and driving enjoyment.

A front-facing view of a silver Land Rover Defender parked on a grassy hill. The vehicle is centered in the frame, with its headlights and grille clearly visible. The background consists of a steep, grassy slope under a clear sky. The text 'EXTERIOR' is overlaid in large, white, sans-serif capital letters across the front of the vehicle.

EXTERIOR

OPTIONAL EXTRAS

STEP 6

- EXTERIOR OPTIONS

Wheel Covers - Included with Series 1 and 2 body styling kits.

Chelsea Truck Text Hard Cover / Chelsea Truck Crest Hard Cover

Enhance the rear presence of your Defender with the CTC Expedition Hard Spare Wheel Cover, expertly crafted to offer rugged protection paired with refined elegance. For a truly exclusive touch, the limited edition CTC Expedition Crest Hard Spare Wheel Cover delivers a flawless fusion of robust durability and sophisticated style.

Mirror Lettering

Chelsea Truck Company Mirror Lettering

Add a touch of bespoke elegance to your Chelsea Truck Co Hard Spare Wheel Cover with our mirror lettering set. Designed meticulously, these letters fit seamlessly inside the embossed Chelsea Truck Company hard spare wheel cover, enhancing its visual appeal.

STEP 6 - EXTERIOR OPTIONS

Quad Roof Shield With LED Lights

Elevate your Land Rover Defender's aesthetics and functionality with the meticulously crafted Quad Roof Shield, complete with integrated LED lights. Specifically tailored for the L663 generation Defender models, including the 90, 110 + 130 this roof shield is a harmonious blend of style and utility.

STEP 6

- EXTERIOR OPTIONS

Defender Large Rear Roof Wing

Enhance your Defender with our Rear Roof Wing — a perfect synergy of style and performance. Designed to fit all L663 Defender models, this OEM-standard ABS wing seamlessly blends with your vehicle's design, adding a cohesive, striking look. Finished with a clear coat for a distinctive shine, it elevates both the aesthetics and functionality of your Defender, making a bold statement on every journey.

STEP 6

- EXTERIOR OPTIONS

Exposed Carbon Rear Roof Wing

Crafted with precision and attention to detail, this rear roof spoiler is finished in exposed carbon, showcasing the intricate weave pattern that carbon fibre is renowned for. The result is a product that adds a touch of sportiness and elegance to your Defender.

STEP 6 - EXTERIOR OPTIONS

Exposed Carbon Vented Bonnet

Upgrade your Defender with our Exposed Carbon Fiber Vented Hood—engineered for 2020+ models. Lightweight and high-strength, it enhances performance with improved airflow and cooling while delivering a bold, motorsport-inspired look. Built to OEM+ standards for a perfect fit and durable finish, it gives your Defender aggressive style with engineered excellence

STEP 6

- EXTERIOR OPTIONS

Side-Mounted Carbon Storage

Enhance your Defender L663 90, 110 or 130 with our side-mounted carbon storage box. Crafted from lightweight, exposed carbon fiber, it offers 6.3 gallons of secure storage with a 37.5 lb capacity. Seamlessly integrated for a perfect fit, it reduces wind noise, improves aerodynamics, and adds rugged, motorsport-inspired style. Optional color matching ensures a refined, cohesive look.

STEP 6

- EXTERIOR OPTIONS

Side Steps - 110 / 130

Side Steps - 90

Premium Grade Side Steps

Enhance your Land Rover Defender 90, 110 or 130 with our stylish, OEM-grade side steps—crafted for a seamless, close fit that look and feel like an integral part of your vehicle. Offering ample support and a spacious stepping area, they ensure easy access and added practicality whether off-road or city cruising. Combining sleek design with robust functionality, these side steps provide the perfect balance of style and performance, tailored specifically for each model.

STEP 6

- EXTERIOR OPTIONS

Front and Rear Wheel Arches

For Land Rover Defender 110 (2020–Present) owners seeking just a subtle upgrade, our front and rear wheel arches provide the perfect balance. Adding extra width while maintaining the original OEM lines, these arches enhance your vehicle's rugged appeal without the bulk of a wide body kit. Designed for a seamless, factory-like fit, they offer a refined, custom look that elevates your Defender's style and presence.

SUSPENSION

OPTIONAL EXTRAS

STEP 6

- SUSPENSION OPTIONS

Suspension Lift systems

Elevate your Land Rover Defender with our premium suspension lift kits—offering 1", 1.5", and 2" options to suit your adventure. Each kit is engineered for superior off-road capability and on-road comfort, providing increased ground clearance and a commanding stance. Crafted from high-quality, durable components, our lift kits deliver OEM-like reliability and seamless integration. Whether you're seeking subtle elevation or a more substantial lift, these options let you customize your Defender's look and performance with confidence and precision.

STEP 6 - SUSPENSION OPTIONS

Suspension Lowering Kit

Looking to lower your Defender with factory 4-corner air suspension? Our simple solution features four adjustable ride height links, enabling a seamless drop of up to 2.5" and customizable height settings. Your interior controls remain fully functional, with no error codes or detection of modification. Achieve the perfect stance effortlessly, without compromising comfort or factory integrity.

LAND ROVER DEFENDER TAILORED TO YOU

“At ECD, we take pride in carefully crafting each Land Rover Defender with passion and precision. Our skilled artisans select only the finest parts to ensure every build reflects quality and attention to detail. We look forward to creating your personalized Defender and providing an exceptional experience that exceeds expectations, with care and dedication at the heart of everything we do.”
