OUR MISSION

Divinely Inspired Resources Employment & Associates, LLC provides proactive, targeted Human Resources, Employment and EEO Consulting services, recruiting, concentrated HR training, and business/compliance assistance to domestic and international organizations that prepares them today for tomorrow's concerns. We want to assist you in preventing the numerous pitfalls that can erase bottom line profitability in organizations due to poor hiring, firing, training and lack of understanding and execution of U.S. employment laws.

WHAT WE DO

Are you looking to start your business and need employees? Do you have a business but need to train your workers to comply with state/federal laws? Are you looking to take your international business to the U.S. market and need help navigating the North America employment landscape? Do you have employment complaints that need resolution? DIREA can help!

HOW CAN WE HELP? ASK YOURSELF ...

- ◆ Are you challenged with time to handle administrative tasks and reporting responsibilities?
- ◆ Are you having issues with your employees, even complaints – internal or from the DOL/EEOC and are not sure how to handle?
- ◆ Do you have a business and need help but have no clue where to start?
- ◆ What about your workers? Do your employees seem less engaged and work productivity has decreased and you don't know why?
- ◆ Are you having a hard time motivating your team and increasing efficiency across the board? Is there talk of unionizing efforts because of pay or management concerns?
- ◆ Do you want to increase your employee's skillset to make your business more viable within domestic and international markets?

If any of the above is reflected in your current business, call us immediately! One call can prevent a fall. No matter how big, no matter how small, your organization can be crippled by these issues if left unaddressed!
