Code of Conduct and Rules & Regulations

The Market was created to help small-scale agricultural and home-based businesses who grow & produce their own products, provide a place where local farmers and entrepreneurs can sell directly to the consumer. Our goal is to develop opportunities for small business and create a space for social gathering which enhances our quality of life here in Yankton, South Dakota.

Location and Dates

The Market at the Meridian (MATM) is held on Saturdays from 9 am - noon, RAIN or SHINE, May through October, unless otherwise notified by the market management. In the case of severe inclement weather, which significantly impairs the operation of the market, the management may cancel the market, move location or end it early.

Vendors shall only vend at MATM at the specified times. No sales can be made to customers prior to the start of market. This does not include vendor to vendor purchases.

Setup

All vendors must be set up and ready to sell by the start of market. If a vendor cannot attend market any given day they must contact the market manager by 5 pm the day before. If there is an emergency the day of market you must contact market management to let them know. If a vendor fails to arrive/check in 30 minutes before the start of market, that vendor may lose their assigned stall to a daily vendor.

No Vendor may leave the market before the close of market.

Stalls

Each stall is approximately 11' x 11'. Stall spaces are assigned by the market management with no guarantee of stall or location. Seasonal and/or returning vendors are given seniority, then Daily vendors.

Vehicles and trailers must be parked in the back of the stall space so as not to block the view of other vendors and customers. All product and signage must be placed inside of your purchased stall space. Your stall must be arranged so that your customers are able to shop in your stall space without invading another vendor's space.

If a vendor cannot attend the market, they may send another individual in their place. Those Individuals must be knowledgeable about the production methods of the products that are being sold in the absence of the vendor.

Vendors are responsible for securing their own products and tents in the case of storms and gusty winds.

Fees

MATM Season Vendor	Full Season	\$150
	Daily	\$30
	Try It Fee	\$20

(Payment plan can be arranged with the market management)

Season vendors get first rights to stalls. Daily fees can be paid in advance to reserve open stalls.

Signage

Vendors should post a sign that states the name of their business including their city and state.

Insurance

Sellers are responsible for their own personal liability and product liability insurance and are required to provide a certificate of insurance with their application. The MATM liability insurance policy DOES NOT cover individual vendors.

Samples

Per SD Dept of Health regulations, foods that have not been cut (processed) on-site may be offered as samples to the public at Market (examples: whole tomatoes, whole strawberries, whole apples). If foods are cut at Market, the person who processes the food (cuts it) must have sinks, sanitation, gloves & the ability to hold the cut vegetable/fruit at refrigerated temperature (41 degrees) during sampling by customers. Dry foods such as jerky or breads do not have the cooling requirement but cutting must be done at a location with a commercial kitchen facility and according to the Health Department regulations. Additionally, any food that is offered for samples, including those that do not require refrigeration, must be offered in such a way so that the consumer may take the sample without contaminating the rest of the sample (individual spoons, toothpicks, etc).
